

COMMONWEALTH OF PENNSYLVANIA  
DEPARTMENT OF ENVIRONMENTAL RESOURCES  
SOUTHWEST REGION - FIELD OPERATIONS  
AIR QUALITY CONTROL  
400 WATERFRONT DRIVE  
PITTSBURGH, PENNSYLVANIA 15222-4745

RACT OPERATING PERMIT

In accordance with provisions of the Air Pollution Control Act, of January 8, 1960, P.L. 2119, as amended, and after due consideration of an application received under Chapter 127 of the Rules and Regulations of the Department of Environmental Resources, the Department hereby issues this permit for the operation of the air contamination source described below.

Permit No.: 32-000-085

Source: Visual Display Mat. Fabricatn

Owner: Information Display Technology, Inc.

Air:

Address: 29 Laing Avenue  
Dixonville, PA 15434

Cleaning:  
Devices:

Attention: Thomas Julock  
Plant Manager

Plant: Greensteel Division  
Location:  
County: Indiana

This permit is subject to the following conditions:

- (1) That the source and any associated air cleaning devices are to be:
  - (a) operated in such a manner as not to cause air pollution;
  - (b) operated and maintained in a manner consistent with good operating and management practices.
- (2) This permit valid only for the specific equipment, location and owner named above.
- (3) See attached.

Failure to comply with the conditions placed on this permit is a violation of Section 127.25. Violation of this or any other provision of Article III of the Rules and Regulations of the Department of Environmental Resources will result in suspension or revocation of this permit and/or prosecution under Section 9 of the Air Pollution Control Act.

Issued: 01/11/96

RACT Operating Permit #32-000-085

Special Conditions

3. This RACT Operating Permit is for VOC emissions from the GreenSteel Education Products Division of Information Display Technology, Inc. located in Greene Township, Indiana County.
  4. All spray finish must be applied with air assist airless HVLP spray guns or other devices with equivalent transfer efficiency.
  5. Emission of total VOCs from the facility shall not exceed 12 tons on an annual basis. Records to establish compliance with this limit shall be maintained on a daily basis and made available to the Department upon request.
  6. A daily log shall be kept of all VOC-containing spray coatings and solvents purchased and consumed and inventory on hand at the facility. These records shall be maintained in a file for a period of not less than two years and made available to the Department upon request.
  7. GreenSteel shall make a conscientious effort to replace vinyl sealer and conversion varnish with non-VOC products and progress shall be reported to the Department every six months.
  8. Emission of toxic air pollutants identified in Title III of the CAAA of 1990 shall not exceed 10 tons per year of any single pollutant and shall not exceed 25 tons per year of the aggregate of all pollutants. GreenSteel shall maintain records on a daily basis and make them available to the Department upon request, which are sufficiently detailed to establish compliance with this condition.
