

COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
FIELD OPERATIONS - AIR QUALITY CONTROL

OPERATING PERMIT

In accordance with provisions of the Air Pollution Control Act, the Act of January 8, 1960, P.L. 2119, as amended, and after due consideration of an application received under Chapter 127 of the rules and regulations of the Department of Environmental Protection, the Department hereby issues this permit for the operation of the air contamination source(s) described below.

Permit No.	<u>OP-09-0011</u>	Source(s)	<u>VOC RACT</u>
Owner	<u>Perkasie Industries Corporation</u>	Air	<u></u>
Address	<u>P.O. Box 179</u>	Cleaning	<u></u>
	<u>Perkasie, PA 18944</u>	Device	<u></u>
Attention	<u>Mr. Bill Kennedy</u>	Location	<u>50 East Spruce Street</u>
	<u>Human Resources Manager</u>		<u>Perkasie Borough</u>
			<u>Bucks County</u>

s permit is subject to the following conditions:

1. That the source(s) and any associated air cleaning devices are to be:
 - a. operated in such a manner as not to cause air pollution;
 - b. operated and maintained in a manner consistent with good operating and maintenance practices.
2. This permit is valid only for the specific equipment, location and owner named above.

(SEE THE ATTACHED ADDITIONAL CONDITIONS)

Failure to comply with the conditions placed on this permit is a violation of Section 127.444. Violation of this or any other provision of Article III of the rules and regulations of the Department of Environmental Protection will result in suspension or revocation of this permit and/or prosecution under Section 9 of the Air Pollution Control Act.

Issued 08/14/1996
Expires ~~08/14/2001~~

OPERATING PERMIT CONDITIONS
PERMIT NO. OP-09-0011
PERKASIE INDUSTRIAL CORPORATION

CONDITIONS (continued):

3. This Operating Permit is issued to Perkasio Industries Corporation (Perkasie) for the operation of their sources located at Perkasio Borough, Bucks County. This Operating Permit is the Department's determination of Reasonably Available Control Technology (RACT) of Volatile Organic Compound WOO sources listed in Condition 4B below:

4. Emission Limitation

A. Surface coating source regulated under 25 Pa. Code § 129.52:

1. Perkasio shall use only surface coatings which do not exceed the limitation of 3.0 pounds of VOC per gallon of coating (minus water) as applied as required by 25 Pa. Code § 129.52(10)(g).

B. Sources regulated under 25 Pa. Code § 129.91-95:

Perkasie shall limit the VOC emissions from its cleanup operations to less than 3 pounds per hour, 15 pounds per day and 2.7 tons per year.

Testing Requirements

Perkasie shall use EPA Method 24 or any alternative Method as approved by the Department as described in 25 Pa. Code 139 to determine the properties of all coatings used in this Permit.

6. Reporting and Recordkeeping

A. For surface coating sources:

1. Perkasio shall record the following information for the sources covered under this Operating Permit:
 - a. The hours of operations of each individual source
 - b. Daily coating quantity in gallons and pounds of coating as applied and,
 - c. The coating composition:
 1. percent solids by volume
 2. percent solvent by volume
 3. percent water by volume
 4. pounds of VOC per gallon minus water
 5. solvent density
2. An updated listing of the types and compositions of the coatings and diluents used in the aforementioned sources shall be submitted to the Department upon request.

OPERATING PERMIT CONDITIONS
PERMIT NO. OP-09-0011
PERKASIE INDUSTRIAL CORPORATION

CONDITIONS (continued):

3. Perkasio shall record on a daily basis the following:
 - a. coating density before and after additional diluents
 - b. gallons of diluents used
 - c. density of the diluents used
 - d. weight percent of the organic volatiles in each coating
4. Perkasio shall submit a report to the Department on a quarterly basis summarizing the actual and allowable daily VOC emissions (minus water) from each source indicated in Condition 4 of this Operating Permit and using methods described herein. The report shall list days of noncompliance and shall be in format approved by the Department.
5. Perkasio shall keep all records and test generated under this permit for a period of two (2) years and make them available to the Department at its request.

B. For surface coating cleanup operations listed in Condition 4. B:

1. Perkasio shall keep records to demonstrate compliance with § 129.95 of Pennsylvania's RACT regulations. All records shall be maintained at the facility for at least two (2) years and will be made available to the Department upon request. Recordkeeping shall include, where appropriate, material throughputs, or numbers of batches. Chemical usage, inventory records, and material balances shall be used to calculate VOC emissions using methods approved by the Department.

7. Implementation Schedule

All proposed RACT monitoring and recordkeeping measures shall be fully implemented by May 31, 1995. All operating logs and records shall be kept on site for a minimum of two years and shall be made available to the Department upon request.

8. The expiration date shown on the Operating Permit OP-09-0011 is for State purposes only. For Federal enforcement purposes the Operating Permit shall remain in effect as part of the Pennsylvania Implementation Plan (SIP) until repealed pursuant to 40 C.F.R. 51 and approved by United States Environmental Protection Agency (EPA). The Operating Permit shall become enforceable by EPA upon its approval of the above as a revision to the SIP.
