Div. of Permits
File

- (3) In accordance with Sections 6.3(e) and 6.3(j) of the Pennsylvania Air Pollution Control Act (as amended) a two hundred fifty dollar (\$250.00) annual operating permit administrative fee is required each year. This administrative fee is to be submitted thirty (30) days prior to the anniversary date of this operating permit; and is to be submitted with the attached transmittal form.
- (4) This Operating Permit is valid for a limited time and may be renewed before its expiration. Requests for an Operating Permit Renewal must be in writing and must be accompanied by a permit fee in the amount of five hundred dollars (\$500.00) payable to the "Commonwealth of Pennsylvania - Clean Air Fund" (\$250.00 application processing fee and \$250.00 annual administrative fee). The request should be made on an Interim Application for Renewal of a Permit to Operate form and must be received by the Department along with a completed Compliance History form no later than the first of the month in which the permit expires.
- (5) This Operating Permit includes Reasonably Available Control Technology (RACT) determinations as required by Title I provisions of the CAAA, and, 25 PA Code Sections 129.91 through 129.95 for Milling & Screening area, Filter Press area, Mixing & Loadout Area, and Distillation process.
- (6) This Operating Permit also covers a York Shipley 150 HP Boiler, a York Shipley 80 HP Boiler, and a tank farm.
- (7) RACT for all the sources is operation in accordance with manufacturer's specifications and good air pollution control practices.
- (8) The VOC emissions from each of the following category of sources shall not exceed 3 pounds per hour, 15 pounds per day or 2.7 tons per year on a 12-consecutive month rolling basis:
 - a) 150 HP Boiler,
 - b) 80 HP Boiler, and
 - c) Tank Farm.
- (9) Silberline shall operate this facility in accordance with the following requirements:
 - a) All mixer covers shall remain closed, except when production, sampling, maintenance, or inspection procedures require access.
 - b) All the sources identified in Condition Nos. 3 and 4 shall be operated and maintained in accordance with manufacturer's specification and good air pollution control practices.
- (10) VOC emission from the facility shall be recorded at least on a monthly basis and included in quarterly reports that are to be submitted to the Department.
- (11) Silberline shall maintain a leak inspection and maintenance plan which shall include, at minimum, the following:
 - a) An inspection schedule.

- b) Methods for documenting the date and results of each inspection and any repairs that were made.
- c) The time frame between identifying a leak and making the repair, which shall adhere to the following:
 - 1. A first attempt at repairs, including tightening of packing glands, shall be made no later than 5 working days after the leak is detected.
 - 2. Final repairs shall be made within 15 working days, unless the leaking equipment is to be replaced by a new purchase, in which case repairs shall be completed within 3 months.

(12) RACT Monitoring Recordkeeping and Reporting Procedures:

Silberline shall maintain records in accordance with the minimum recordkeeping requirements of 25 PA Code 129.95. At a minimum, this shall include:

- a) Records shall provide sufficient data and calculations to clearly demonstrate that the requirements of Conditions 5, 6, and 7 are met.
- b) Data or information required to determine compliance with Condition 6, and 7 shall be recorded and maintained in a time frame consistent with the averaging period of the requirements.
- c) Records shall be retained for at least two years and be made available to the Department upon request.

- (17) This operating permit is valid for a limited period of time and may be renewed before its expiration. Requests for an operating permit renewal must be in writing and must be accompanied by the appropriate permit application processing and annual permit administration fees as specified in Section 127.703 of the Rules and Regulations of the Department of Environmental Protection. These fees shall be paid in the form of a check payable to the "Commonwealth of Pennsylvania - Clean Air Fund." The request should be made using the appropriate application form and must be received by the Department along with a completed Air Pollution Control Act Compliance Review form no later than thirty (30) days prior to the expiration date of this operating permit.

All necessary forms can be obtained from the Department upon request.

- (18) Any notification required as a result of any condition herein should be directed to:
