

NPDES authorization to discharge to waters of the United States, Permit No. NM0028436

The applicant's mailing address is:

Pojoaque Terrace Mobile Home Park  
27 Camino Cerrado RD/House  
Santa Fe, NM 87506

As described in the application, the plant is located at 27 Camino Cerrado in Santa Fe, Santa Fe County, New Mexico. Under the SIC Code 6515, the applicant operates a mobile home site and a wastewater treatment plant with a design flow capacity of 0.02 MGD serving 69 residences, a population of approximately 280 people.

Under the SIC Code 6515, the treated effluent from the plant is discharged to Arroyo Destierro, thence to Pojoaque Creek, thence the Pojoaque River within the exterior boundaries of the Pueblo of Pojoaque, of the upper Rio Grande Basin in Segment No. 20.6.4.114. The single outfall of the facility is located at Latitude: 35° 53' 55" North and Longitude: 106° 01' 35" West.

This is a renewal of a permit issued on August 19, 2011 with an effective date of October 1, 2011 and an expiration date of September 30, 2016. There are no changes from the previously issued permit. A fact sheet is available for review.

State Certification:

This notice also serves as Public Notice of the intent of the Pueblo of Pojoaque to consider issuing Clean Water Act (CWA) Section 401 Certification. The purpose of such certification is to reasonably ensure that the permitted activities will be conducted in a manner that will comply with applicable Pueblo of Pojoaque Water Quality Standards, including the anti-degradation policy, and the tribal water quality management plan. The NPDES permit will not be issued until the certification requirements of Section 401 have been met.

If you want to comment on Tribal Certification submit written comments within the 30-day period to:
