

Comments Welcome on the Draft Approval of a Hazardous Waste Permit

for SABIC Innovative Plastics
Mount Vernon, Indiana
Comment Period: Aug. 25 to Oct. 8

U.S. Environmental Protection Agency Region 5 is proposing to renew a permit to burn liquid hazardous waste at the SABIC Innovative Plastics facility in Mount Vernon. The plastics plant uses hazardous waste as fuel in two of its boilers. EPA is taking this permit action under the authority of the federal Resource Conservation and Recovery Act (RCRA). Before the Agency makes a final decision, the public can comment on the proposed action through Oct. 8. Send written statements to:

Wen Huang, P.E.
RCRA Branch (LR-8J)
Land and Chemicals Division
EPA Region 5
77 W. Jackson Blvd.
Chicago, IL 60604-3590

For questions or more information call 312-886-6191 or e-mail huang.wen@epa.gov. A copy of the draft permit can be found on the EPA website at: www.epa.gov/reg5rcra/wptdiv/permits/index.htm. This draft RCRA hazardous waste permit is based on the administrative record, which consists of the permit application and other documents assembled by the facility owner/operator and EPA. A copy of the administrative record is available locally for viewing at the Alexandrian Public Library, 115 W. Fifth St., Mount Vernon or at the EPA Region 5 offices in Chicago.
