

DRAFT

**UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION 5**

RESOURCE CONSERVATION AND RECOVERY ACT PERMIT

Facility Name and Location: Environmental Enterprises, Inc.
4650 Spring Grove Ave.
Cincinnati, Ohio 45232

Owner: Expressway Commerce Co., Inc.
10163 Cincinnati-Dayton Road
Cincinnati, Ohio 45241

Operator: Environmental Enterprises, Inc.
4650 Spring Grove Ave.
Cincinnati, Ohio 45232

EPA Identification Number: OHD 083 377 010

Effective Date: 30 Days from Issuance Date of the Final Permit

Expiration Date: 10 Years from the Effective Date

Authorized Activities:

The U. S. Environmental Protection Agency (EPA) hereby issues a Resource Conservation and Recovery Act permit (hereinafter referred to as the “permit”) to Environmental Enterprises, Inc. and Expressway Commerce Co., Inc. (addressed in the second person as “you”) in connection with the hazardous waste management operations at the Environmental Enterprises, Inc. facility located in Cincinnati, Ohio.

This permit is issued under the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976, and the Hazardous and Solid Waste Amendments (HSWA) of 1984 (42 USC § 6901 *et seq.*) (collectively referred to as “RCRA”) and EPA’s regulations promulgated thereunder (codified, and to be codified, in Title 40 of the Code of Federal Regulations (40 CFR)).

The RCRA permit consists of both this permit, which contains the effective Federal RCRA permit conditions, and the effective State RCRA permit conditions issued by the State of Ohio’s RCRA program authorized under 40 CFR Part 271 (hereinafter called the “State RCRA permit”).

Any hazardous waste activity which requires a RCRA permit and is not included in the RCRA permit is prohibited

Permit Approval:

On June 28, 1989, the State of Ohio received final authorization according to Section 3006 of RCRA, 42 USC § 6926, and 40 CFR Part 271, to administer the pre-HSWA RCRA hazardous waste program. The State of Ohio also received final authorization to administer certain additional RCRA requirements on several occasions since then.

However, because the EPA has not yet authorized the State of Ohio to administer certain regulations, including the air emission standards for equipment leaks (40 CFR Part 264 Subpart BB), the air emission standards for tanks and containers (40 CFR Part 264 Subpart CC), and air emission standards for miscellaneous units, the EPA Region 5 is issuing the RCRA permit requirements for operations at your facility which fall under these regulations.

You must comply with all terms and conditions contained in this permit. This permit consists of all the conditions contained herein, the documents attached hereto, all documents listed or cross-referenced in these documents, approved submittals (including plans, schedules and other documents), the applicable regulations in 40 CFR Parts 124, 260, 261, 262, 264, 265, 268, 270, and applicable provisions of RCRA.

This permit is based on the assumption that the information submitted (1) in your RCRA Part A Permit Application and Part B Permit Application on September 5, 2007, and all other modifications to those applications and (2) in the Subparts BB and CC response dated July 13, 2005, is accurate, and the facility is configured, operated and maintained as specified in the Part A and Part B Permit Applications and other relevant documents.

Any inaccuracies in the submitted information may be grounds for the EPA to terminate, revoke and reissue, or modify this permit in accordance with 40 CFR §§ 270.41, 270.42 and 270.43; and for enforcement action. You must inform the EPA of any deviation from, or changes in, the information in the Part A or Part B Permit Application and other pertinent documents that might affect your ability to comply with the applicable regulations or conditions of this permit.

Opportunity to Appeal:

Petitions for review must be submitted within 30 days after the EPA serves notice of the final permit decision. Any person who filed comments on the draft permit or participated in the public hearing may petition the Environmental Appeals Board to review any condition of the permit decision. Any person who failed to file comments or failed to participate in the public hearing on the draft permit may file a petition for review only to the extent of the changes from the draft to the final permit decision. The procedures for permit appeals are found in 40 CFR § 124.19.

Draft April 2009

Environmental Enterprises, Inc.

OHD 083 377 010

Effective Date:

This permit is effective as of **(30 Days from Issuance Date of the Final Permit)** and will remain in effect until **(10 Years from the Effective Date)**, unless revoked and reissued under 40 CFR § 270.41, terminated under 40 CFR § 270.43, or continued in accordance with 40 CFR § 270.51(a).
