

Long-term Contracts (as of January 22, 2018)

The Long-term Green Power Contracts list highlights the Green Power Partners that have signed a contract to purchase green power for five years or more. The combined green power use from these 243 contracts amounts to nearly 7 billion kilowatt-hours of green power annually, which is equivalent to the electricity use of more than 650,000 average American households each year.
