EPA Region 3

Quality Management Plan Status Report

KEY	Explanation
(a)	Date approval (including conditional) ends. If a QMP is expiring / expired or revisions are necessary, this is the date by which the revised QMP should be approved EPA. The preparer should allow time for updating the document and EPA review.
Approved:	The Quality Management Plan adheres to requirements found in <i>EPA Requirements for Quality Management Plan</i> , EPA QA/R-2. QMP is valid for five years from date of approval. Plans noted in BOLD BLUE TYPEFACE indicates they are expiring within the year.
Conditional:	The review of this document indicates that the grantee has documented the basic components of a quality system. However, minor revisions to the grantee's QMP are required to ensure conformance to <i>EPA Requirements for Quality Management Plans</i> , EPA QA/R-2. Conditional approval allows grantees to perform activities that include the generation and/or use of environmental data while making revisions to finalize their plan.
Resubmit:	The Quality Management Plan is in need of significant revision in order to meet the basic components of a quality system. The grantee/contractor is required to ensure conformance to <i>EPA Requirements for Quality Management Plans</i> , EPA QA/R-2 prior to performing activities that include the generation and/or use of environmental data.
Expired:	The Quality Management Plan on file with EPA Region 3 is no longer current and needs to be revised and resubmitted for review. Usually denoted in BOLD RED TYPEFACE .
In Progress:	The Quality Management Plan has been received by EPA Region 3 and is undergoing review. Usually denoted in BOLD ITALIC BLACK TYPEFACE
Under Development:	The Quality Management Plan is currently being developed by the affected organization. Usually denoted in BOLD ITALIC BLACK TYPEFACE
Awaiting Signature:	The Quality Management Plan has been reviewed and conditionally approved. EPA is waiting for final signatures from the submitting organization and will sign upon receipt.
QMP:	Quality Management Plan
QMP/QAPP:	Combined Quality Management and Quality Assurance Project Plan
