

FY16 Tribal County Area List

The DERA program places a priority on projects located in areas that have the highest emissions from diesel engines. The term "project location," as used in this 2016 Tribal RFP, refers to the primary area where affected vehicles or engines operate, or the primary area where emissions benefits of the project will be realized.

Priority areas for the 2016 RFP include counties and areas designated as PM 2.5 or 8-hr Ozone Nonattainment or Maintenance areas in EPA's Green Book of Nonattainment Areas for Criteria Pollutants (www.epa.gov/airquality/greenbk).

Applicants *may* apply for projects not located in priority areas.

State	County	2008 Ozone	2012 PM 2.5	2006 PM 2.5	1997 PM 2.5
