

Soak Up the Rain New England Webinar Series:

Green Infrastructure Approaches for Stormwater Management at Federal Facilities

Wednesday, December 12th

1:00 PM-2:30 PM EST

To Register*

This webinar will focus on three Federal Facilities that have successfully implemented green infrastructure projects for stormwater management. The speakers include Robert Michalik, VA Central Western Mass Healthcare System, Leeds, MA, John Richardson, 104th Fighter Wing, Mass Air National Guard, Westfield, MA, and Michael Brown, U.S. Naval Submarine Base New London, Groton, CT. Speakers will discuss green infrastructure projects such as rain gardens and pervious pavement as well as their lessons learned.

For further information, contact Anne Fenn, fenn.anne@epa.gov, or Myra Schwartz, schwartz.myra@epa.gov

Who Should Attend

Federal agency staff, Tribes, and state staff, environmental organizations, and practitioners.

Webinar Series

EPA will be focusing on a range of innovative approaches to addressing stormwater in New England, presented by leaders from around the Region.

- Hear about stormwater public outreach resources and programs;
- See who's soaking up the rain as we showcase green infrastructure projects and programs;
- Learn about the latest tools and resources from EPA and others for implementing and promoting green infrastructure; and
- Engage with others as we share information about successes, barriers, and lessons learned while implementing green infrastructure in New England communities.
