

## Top 10 Federal Government (as of October 29, 2018)

The following Top 10 Federal Government Partner List represents the largest green power users among federal government organizations within the Green Power Partnership.

Usage figures are based on annualized Partner contract amounts (kilowatt-hours), not calendar year totals. These rankings are updated on a quarterly schedule.

The [Federal Energy Management Program \(FEMP\) EXIT](#) provides resources and tools that help federal agencies implement renewable energy projects and technologies to meet federal laws and requirements.
