

February 2019

Bi-Annual Update #6

As provided in our letter issued February 11, 2016, this is the Sixth Bi-Annual Update on the progress to sign a notice of proposed rulemaking pertaining to the issuance of hazardous substance regulations under Clean Water Act (CWA) section 311(j)(1)(C).

Since August 2018, EPA:

- Reviewed and summarized comments on the proposed action received via www.regulations.gov;
- Continued internal, deliberative work as part of the final rulemaking process;
- Reviewed and analyzed information received from the voluntary survey; and
- Made the voluntary survey data publicly available in www.regulations.gov at Docket ID: EPA-HQ-OLEM-2017-0444.

In the next six months EPA expects to continue work towards finalizing the Action.
