**Subject:** Minor Modifications to Industry Sector Attendees for Tuesday's NHSM Meeting with Samantha Dravis  
**Flag:** Follow up

Hi Will – two modifications to the list of industry sector attendees for next Tuesday's meeting on the NHSM rule.

First, Justin Wormmeester from BNSF will be joining David Smat from BNSF to represent that company at the meeting.

And Alice Koethe will be replacing Mike Rush at meeting on behalf of the American Railroad Association. I've updated the Industry Sector Attendee list accordingly below.

Paul Noe and Tim Hunt with the American Forest & Paper Association (AF&PA), Doug Green, (AF&PA's outside counsel) from Venable LLP, Corey Brandt with WestRock, Jim Rabe with Masonite, and Mike Curtis with George Pacific. In addition, Jane Luxton with Clark Hill, outside counsel for the Treated Wood Council, and Heath Huschak with Koppers.

Also in attendance will be Bob Fronczak and Alice Koethe with the American Association of Railroads and Justin Wormmeester and David Smat with BNSF Railway. Charles Franklin and Louis Baer from the Portland Cement Association, Carrie Annard representing the Biomass Power Association, and Jim Gauntt representing the Rail Treaters Association.

Regards, Doug Green

Hi Will – below is the list of attendees for Tuesday's meeting involving EPA's non-hazardous secondary materials rule. As we discussed, there will be representatives from various industry sectors. Also attached is a short meeting agenda and the white paper we sent earlier summarizing the key issues we would like to discuss. To confirm, the meeting is scheduled for 11:00 am on Tuesday. We look forward to meeting with Ms. Dravis and her staff then.

Industry Sector Attendees:

Paul Noe and Tim Hunt with the American Forest & Paper Association (AF&PA), Doug Green, (AF&PA's outside counsel) from Venable LLP, Corey Brandt with WestRock, Jim Rabe with Masonite, and Mike Curtis with George Pacific. Agenda for NHSM EPA Meeting  
January 23, 2018

**Introductions/Meeting Purpose**

**Background**

- Regulatory Context – NHSM Rule (40 C.F.R. Part 241) and Regulatory Burdens/Restrictions
- Fit with Regulatory Reform Agenda – Burden Reduction

**Changing Legal Landscape – Definition of “solid waste” and “discard”**

**Examples of value**

- Increased Use of Rail Ties & other Biomass as Supplemental Fuels
- Increased Use Paper Recycling Residuals
- Others?

**Next Steps:**

- Revise NSHM Rule to Remove Undue Regulatory Burdens
- Reduces Costs, Maintains Environmental Protection; Increases Domestic Energy Sources

From Biomass Power Association

Location	Quantity/tons (existing & projected)	Boiler Type	Equipped with fuel oil delivery system	Other Fossil Fuels Used
North Carolina	112,000	Stoker traveling grate	N	Nat Gas (formerly propane)
Oregon	40,000	Stoker	N	Nat Gas
California	30,000	Zurn travel grate	N	Nat Gas
Wisconsin	90 - 100,000	Stoker	Y (formerly coal)	formerly coal
California	40 - 30,000	CFB	Y	Nat Gas
California	50 - 80,000	CFB	N	Nat Gas (formerly TDF, pet coke, coal)
California	110,000	Stoker	N	Nat Gas
North Carolina	75,000	Stoker traveling grate	N	formerly coal
New York	15,000	Circulating Fluidized Bed (CFB)	Y	Formerly oil and coal
New York	10,000	Stoker traveling grate	Y	N
Michigan	61,000	Stoker	N	Nat Gas
Michigan	61,000	Stoker	N	Nat Gas
Michigan	71,000	Fluidized bed	N	Nat Gas (converted from oil)
<b>Total Tons</b>	<b>815,000</b>			

From AF&PA

Secondary Material	# Mills	2010 Amount (Tons)	Cost to landfill and replace with natural gas <sup>1</sup>
Recycling Process Residuals <sup>1,2</sup>	11	172,200	\$16,490,000
Railroad ties <sup>3</sup>	12	550,000	\$ 57,600,000

1 = Railroad ties costs include fuel replacement only, not landfilling

2 = Likely underestimate - more than 100 mills that recycle, but not all have on-site boilers

3 = Estimate by a major supplier of RR ties used by the FPI in 2011

I received the note posted below from EPA to see if we can move up our meeting scheduled for Tuesday, September 26, 2017 at 2:30 p.m. to 11:30 a.m.

Please let me know the following:

- 1) Name of individuals and organizations that plan to attend so I can provide a list to EPA before the meeting for security purposes.
- 2) Are you able to meet at 11: 30 a.m. where we may have more time OR should we keep it at 2:30 p.m.?

Thanks again for all your help! I recommend a pre-meeting where we get together about 1 hour ahead of the scheduled meeting time. Does anyone have an office located near EPA willing to host the meeting or would a local coffee shop work?

Just let me know. Thanks!

Robin,

We totally understand how challenging scheduling these things can be and appreciate the alternate dates below. Unfortunately, Robert (the attendee from Exxonmobil) will be out of town next week. Can we try for a time during the week of 8/31?

Puneet

Hello,

Puneet: I am sorry but we've just had some schedule changes we need to accommodate. Is there any way you'd be available for this meeting on 7/27 at 10:00 a.m. or 7/28 at 2:00? If I had to venture a guess as to which option is less subject to change I'd say the 28<sup>th</sup> but we can shoot for the earlier date if you prefer. My apologies for the delay in making this happen.

Ms. Verma,

I am with the Office of Policy at the EPA. I have noted that you would like to discuss requirements for risk assessments, cost-benefit analyses, and advisory boards in Friday's meeting. If there are any specific rules, regulations, policy, or other topics you would like to discuss, I would be happy to pass that information along so that we can have the most productive possible meeting.

Hi Emily,  
Brittany asked me to connect with you as our Associate Administrator for Policy, and Senior Council to the Administrator, Samantha Dravis, would be glad to accept your speaking invitation. I have copied Will here who will follow-up with you shortly to learn more about the event and plans for Samantha's role including logistics etc. Thanks very much and take care.

We appreciate the effort that you at EPA are putting into fixing the Waters of the U.S. rule and general regulatory reform.

We are having a meeting here in Washington at the Liaison Hotel and wondered if you would be available to speak on September 28; our members are very interested in regulatory reform work at EPA. Please let me know if you have availability.

Hello all,

I hope this email finds you well.

I'm reaching out to schedule a call for **next Tuesday, April 3<sup>rd</sup> 11am EST** to go over the panel "The rapid tide of transformation and disruption in energy, transportation, and industrial activity: how technology is fundamentally changing the way the world does business, and how lawyers can keep up with these trends and be prepared to face new challenges and opportunities" that will take place from 11.50 to 13.15 on Monday, April 9 at the SEERIL Lisbon Conference. I'll send a calendar invite with the Skype link shortly.

Please feel free to reach out if you have any questions.

Thank you,

Mr. Lovell,

Below are the responses we provided to Robin on Friday. Please let us know if you have any questions. Thanks.

Best,  
Louis

Robin,

Thanks for following up. Here are our responses to your questions:

1. We would prefer Brittany Bolen as she spoke last year and her remarks were well received. We would like to hear from her on EPA's further efforts on regulatory reform.
2. Event is closed to the press. We will have a professional photographer and we can coordinate a press release with your office.
3. We have scheduled the regulatory reform panel for around 8:45-9:15 AM and the rest of the day is scheduled for briefings with Congress so unfortunately we cannot move the timing of the panel
4. The Fly-In is at the Hyatt Regency on Capitol Hill (400 New Jersey Avenue NW). I would meet Brittany in the hotel lobby prior to the panel starting. The format of the room is a large banquet hall with speakers situated at the front of the room speaking to our members. The audience will be cement and concrete industry CEOs, industry government affairs staff and member environmental and occupational health and safety leaders.

Thanks so much. Please let us know if you have any questions.

Best,  
Louis

Good morning,

I hope you are well. I work for Samantha Dravis and Brittany Bolen in EPA's Office of Policy. Following the email below, may I ask a few questions?

1. I believe both Samantha and Brittany were invited to serve in the same role for the 4/25 fly-in and Daisy Letendre was copied. I am thinking you'd welcome both or all of them to attend and would be glad if one could join you. I just want to be sure I understand the thinking behind the invitations, thanks.
2. Is this open to press?
3. The invite is for the 4/25 8:00-9:00 panel. Is there any flexibility in the timing of the panel (could it move to later in the day)? Who else is on the panel?
4. Can you tell me a bit about the logistics, the location spot, format for the room, number of people etc.?

Thanks and take care.  
Robin

Brittany:

This is a follow up to my voice mail earlier today. The Portland Cement Association (PCA) and the North American Concrete Alliance (NACA) will be conducting their annual DC Fly-In on April 24-25, bringing in CEOs and high-level government affairs officials from a wide range of concrete and cement industry groups and their member companies.

As part of that, we are holding a morning policy panel to discuss administrative regulatory reform priorities between 8 a.m. and 9 a.m. and were hoping you could speak on the Agency's broader regulatory reform agenda, including but not limited to the Smart Sector program and activities related to the regulatory reform report. These are issues that are very important to our members and they provided us with very positive feedback when we conducted this session last year. A formal invitation is attached.

Feel free to reach out to me directly at [Ex. 6] or through my colleague, Louis Baer, Director of Government Affairs for Environment and Energy, at [Ex. 6]. I hope you will be able to join us.

Hi Will,

Attached, please find the agenda and the attendees for Thursday's API HEC Meeting. We appreciate Brittany coming to speak with the group from 1030-11. Please let me know if you need anything else from me. Note: This list includes those that were invited. Most have RSVP'd affirmatively, but there may be fewer people than represented by the list. I can assure you it will be a robust crowd, though!

Thanks again,  
Hilary

Hi Emily,

I am sorry to do this but Samantha now needs to attend a White House meeting the afternoon of 9/28 and is not able to make your meeting. Unfortunately, her Deputy, Brittany Bolen, will be traveling that day. I am sorry about this. I hope your meeting goes well. Please take care.

Hi,  
Thanks, we added it to her calendar and invited you. Sometime next week, may I ask you to send Will any material you have – an agenda and also thoughts on how you'd like for Brittany to participate and what you'd like for her to address?  
Thanks again!

Hi Robin,

Hope you had a great weekend! Thanks for your help with scheduling Brittany. We hope that she can join us sometime between 1030 and 130. I'll throw out 1030 as a time for her, if that works? The meeting will take place here at API: 1220 L St. NW.

Let me know if you/she would prefer something else.

Thanks,  
Hilary

On a more official note....

As I mentioned yesterday, API's Health and Environment Committee has a meeting scheduled on November 2 here at API. We would like to invite you to speak to this group about the EPA's regulatory reform efforts. Attached is a more formal invitation. We are flexible on time, so please let me know if you have any availability and would be willing to come chat with the group.

Thanks Brittany.

Great thanks. We plan on 40-50 people who will be environmental managers from aggregate producer companies. I will send you a schedule once it's been shuffled.. All the speakers will be from within the aggregates industry or consultants/lawyers that help the industry.

Hi

Sounds good, thank you. She'd speak for 5-8 minutes and open it up to questions; we will plan for her to be there for 45 minutes. We will keep in mind the particular interest on WOTUS and check the docket to be aware of reform suggestions folks in the audience may have.

When the time is ripe, we will have just a few questions:

- About how many people will be attending the meeting?
- May we see the agenda and the list of other speakers and the topics they will address?
- Will this be closed to press?

Thanks again and take care.

Hi Robin, thanks for getting back with me. I have Samantha in the 10 am slot, but can easily move her to after lunch or whatever works best for her busy schedule. The other speakers will be there for the whole meeting so it's bother to put her in whenever works best. Is there a specific time that works best? Any time between 1-4 is fine for us.

Hi Will,

Right now we have the reg reform session for 10 AM, but we are meeting from 8:30-4:30 and Ms. Dravis could speak any time during the meeting. It is at the Hill Room at the Liason Hotel, 415 New Jersey Ave NW.

We expect to have about 40 members, who will mainly be environmental managers at aggregate producers/construction companies like CEMEX, Vulcan, Martin Marietta, etc. So they are very interested in regulatory reform, particularly WOTUS, and understand environmental regulations but not necessarily the process that EPA will be using to make regulations more reasonable for business. Any insight she could offer would be great.

Thank you, Chuck. I'm looking forward to it. I'm copying my colleague, Will Lovell, who can get you those items and help set up a short call for us this morning.

Best,  
Brittany

Brittany Bolen serves as Deputy Associate Administrator of the Office of Policy at the U.S. Environmental Protection Agency. The Office of Policy is the primary policymaking arm of the EPA, providing multi-disciplinary analytic skills and expertise across EPA programs. Ms. Bolen also serves on EPA's Regulatory Reform Task Force, which is responsible for implementing the President's directives on regulatory reform, energy independence and permit streamlining. Before joining the EPA, Ms. Bolen served on the Senate Republican Policy Committee as Policy Counsel, and the Senate Environment and Public Works Committee as oversight counsel. Prior to this, she served the U.S. House of Representatives Committee on the Judiciary as well as the U.S. House of Representatives Committee on Oversight and Government Reform. Ms. Bolen holds a J.D. from the George Mason University School of Law and a B.A. from the University of Florida.

Roger,

Could you please also send any handouts that we can provide to Samantha ahead of the meeting?

Thank you,  
Will

Hi

Samantha is no longer traveling this Thursday – would you like to try that day (again) at 11:00 or 2:30 or 3:00 or leave it is? Sorry....figured I'd let you know the day opened up a tiny bit.
