Re: Consent Agreement and Final Order – Advance Manufacturing Group U.S.A., Inc. d/b/a
OBX Racing Sports
Docket No.: CAA-09-2019-0031

Dear Mr. Tan:

Enclosed please find a copy of the fully executed Consent Agreement and Final Order (CAFO) which contains the terms of the settlement reached with EPA Region 9. Your completion of all actions enumerated in the CAFO will close this case.

If you have any questions, please contact Janice Chan of my staff at 415-972-3308.

Sincerely,

Joel E. Jones

_____)	Docket No. CAA-09-2019- <u>0031</u>
In the Matter of:)	
)	
Advance Manufacturing Group U.S.A., Inc.,)	
d/b/a OBX Racing Sports)	CONSENT AGREEMENT AND
)	FINAL ORDER PURSUANT TO
Respondent)	40 C.F.R. §§ 22.13 and 22.18
_____)	

I. CONSENT AGREEMENT

A. PRELIMINARY STATEMENT

1. This is a civil administrative penalty assessment proceeding brought under section 205(c)(1) of the Clean Air Act (“CAA” or the “Act”), 42 U.S.C. § 7524(c)(1), and sections 22.13 and 22.18 of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (“Consolidated Rules”), as codified at 40 C.F.R. Part 22. In

accordance with 40 C.F.R. §§ 22.13 and 22.18, entry of this Consent Agreement and Final Order (“CAFO”) simultaneously initiates and concludes this matter.

2. Complainant is the Assistant Director of the Air, Waste & Toxics Branch of the Enforcement Division, United States Environmental Protection Agency, Region IX (the “EPA”), who has been duly delegated the authority to initiate and settle civil administrative penalty proceedings under section 205(c)(1) of the Act, 42 U.S.C. § 7524(c)(1). EPA Delegation 7-19 (January 18, 2017); EPA, Region 9 Redefinition R9-7-19 (October 5, 2017).
3. Respondent is Advance Manufacturing Group U.S.A., Inc., doing business as OBX Racing Sports, a motor vehicle parts manufacturer and distributor based in Union City, California.
4. Complainant and Respondent, having agreed that settlement of this action is in the public interest, consent to the entry of this CAFO without adjudication of any issues of law or fact herein, and Respondent agrees to comply with the terms of this CAFO.

B. GOVERNING LAW

5. This proceeding arises under Part A of Title II of the CAA, CAA §§ 202-219, 42 U.S.C. §§ 7521-7554, and the regulations promulgated thereunder. These laws aim to reduce emissions from mobile sources of air pollution, including hydrocarbons and oxides of nitrogen (“NO_x”).
6. Section 203(a)(3)(A) of CAA, 42 U.S.C. § 7522(a)(3)(A), prohibits any person from knowingly removing or rendering inoperative any device or element of design installed on or in a motor vehicle or motor vehicle engine in compliance with the CAA emission requirements after sale and delivery to the ultimate purchaser.

7. Violations of CAA section 203(a)(3)(A) by any person other than a manufacturer or dealer are subject to civil penalties of up to \$4,735 per defeat device pursuant to section 205 of the CAA, 42 U.S.C. § 7524 and 40 C.F.R. Part 19.
8. Section 203(a)(3)(B) of CAA, 42 U.S.C. § 7522(a)(3)(B), prohibits any person from manufacturing, selling, offering to sell, or installing parts or components whose principal effect is to bypass, defeat, or render inoperative a motor vehicle emission control device or element of design, where the person knows or should know that the part is being offered for sale or installed for such use.
9. Violations of CAA section 203(a)(3)(B) are subject to civil penalties of up to \$4,735 per defeat device pursuant to section 205 of the CAA, 42 U.S.C. § 7524 and 40 C.F.R. Part 19.
10. Section 302(e) of the CAA, 42 U.S.C. § 7602(e), defines “person” as “an individual, corporation, partnership, association, State, municipality, political subdivision of a State, and any agency, department, or instrumentality of the United States and any officer, agent or employee thereof.”
11. The CAA requires EPA to prescribe and revise, by regulation, standards applicable to the emission of any air pollutant from new motor vehicles or new motor vehicle engines which cause or contribute to air pollution, which may reasonably be anticipated to endanger public health or welfare. CAA § 202(a)(1) and (3)(B), 42 U.S.C. § 7521(a)(1) and (3)(B).
12. Highway motor vehicles are one category of motor vehicles for which the EPA has promulgated emission standards. See 42 U.S.C. § 7521; see generally 40 C.F.R. Part 86.
13. Section 216(2) of the CAA, 42 U.S.C. § 7550(2), defines “motor vehicle” as “any self-propelled vehicle designed for transporting persons or property on a street or highway.”

14. As required by the CAA, the highway motor vehicle standards “reflect the greatest degree of emission reduction achievable through the application of [available] technology.”
Section 202(a)(3)(A)(i) of CAA, 42 U.S.C. § 7521(a)(3)(A)(i). Accordingly, EPA has established increasingly stringent highway motor vehicle emission standards at 40 C.F.R. Part 86.
15. Highway motor vehicle manufacturers employ many devices and elements of design to meet these emission standards. Certain hardware devices serve as emission control systems to manage and treat exhaust from highway motor vehicles, in order to reduce levels of regulated pollutants from being created or emitted into the ambient air. Such devices include catalytic converters.

C. ALLEGED VIOLATIONS OF LAW

16. Respondent manufactures and sells aftermarket exhaust parts to various distributors and individual customers located throughout the United States.
17. On September 25, 2017, EPA sent an information request pursuant to section 208(a) of the CAA, 42 U.S.C. § 7542(a), to Respondent regarding products Respondent manufactured and sold since January 1, 2015.
18. Based on Respondent’s January 29, 2018 response to EPA’s information request and additional information gathered during EPA’s investigation, EPA alleges that Respondent manufactured and sold various exhaust systems for highway motor vehicles (the “Devices”) identified in Attachment 1 of this CAFO.
19. Prior to the installation of the Devices, one or more catalytic converters must be removed from the highway motor vehicles for which they were designed.

20. The Devices were designed and marketed for use on various highway motor vehicles, and intended to bypass, defeat, or render inoperative emission related devices or elements of design that are installed on those motor vehicles to meet the CAA emission standards.
21. Between January 1, 2015 and September 25, 2017, Respondent manufactured and/or sold 1,551 Devices to distributors and individual customers located throughout the United States.
22. The manufacture, sale, offering for sale, or installation of a device that bypasses, defeats, or renders inoperative a vehicle's emission control systems is prohibited under section 203(a)(3)(B) of the CAA, 42 U.S.C. § 7522(a)(3)(B). EPA alleges that Respondent has committed approximately 1,551 violations of section 203(a)(3)(B) of the CAA, 42 U.S.C. § 7522(a)(3)(B), by selling or offering for sale the Devices.
23. In 2018, Respondent submitted financial information to EPA which supports Respondent's claim that it could not afford to pay a full penalty for the alleged violations.

D. TERMS OF CONSENT AGREEMENT

24. For the purpose of this proceeding, as required by 40 C.F.R. § 22.18(b)(2), Respondent:
 - a. admits that EPA has jurisdiction over the subject matter alleged in this CAFO and over Respondent;
 - b. neither admits nor denies the specific factual allegations contained in Section I.C of this CAFO;
 - c. consents to the assessment of a civil penalty under this Section, as stated below;
 - d. consents to the conditions specified in this CAFO;
 - e. waives any right to contest the allegations set forth in Section I.C of this CAFO;and

f. waives its rights to appeal the proposed Order contained in this CAFO.

Civil Penalty

25. In exchange for a release of liability for the civil claims alleged herein, Respondent agrees to:

- a. pay the civil penalty of TWENTY-FIVE THOUSAND DOLLARS (\$25,000) (“EPA Penalty”) according to the terms of this CAFO; and
- b. pay the EPA Penalty using any method, or combination of methods, provided on the website <http://www2.epa.gov/financial/additional-instructions-making-payments-epa>, and identifying each and every payment with “Docket No. CAA-09-2019-_____.” Within 24 hours of the payment of the EPA Penalty, send proof of payment to Janice Chan at:

Mail Code (ENF-2-1)
Enforcement Division
U.S. Environmental Protection Agency, Region IX
75 Hawthorne Street
San Francisco, CA 94105

and at Chan.janice@epa.gov (“proof of payment” means, as applicable, a copy of the check, confirmation of credit card or debit card payment, confirmation of wire or automated clearinghouse transfer, and any other information required to demonstrate that payment has been made according to the EPA requirements, in the amount due, and identified with “Docket No. CAA-09-2019-~~003~~”).

26. If Respondent fails to pay the civil administrative penalty specified in Paragraph 25 of this CAFO within 30 days of entry of this CAFO, then Respondent shall pay to EPA a stipulated penalty in the amount of FIVE HUNDRED DOLLARS (\$500.00) for each day

the default continues plus the remaining balance of the penalty sum specified in Paragraph 25 upon written demand by EPA.

27. If Respondent fails to timely pay any portion of the penalty assessed under this CAFO, EPA may:
- a. request the Attorney General to bring a civil action in an appropriate district court to recover: the amount assessed; interest at rates established pursuant to 26 U.S.C. § 6621(a)(2); the United States' enforcement expenses; and a 10 percent quarterly nonpayment penalty, 42 U.S.C. § 7413(d)(5);
 - b. refer the debt to a credit reporting agency or a collection agency, 42 U.S.C. § 7413(d)(5), 40 C.F.R. §§ 13.13, 13.14, and 13.33;
 - c. collect the debt by administrative offset (i.e., the withholding of money payable by the United States to, or held by the United States for, a person to satisfy the debt the person owes the Government), which includes, but is not limited to, referral to the Internal Revenue Service for offset against income tax refunds, 40 C.F.R. Part 13, Subparts C and H; and
 - d. suspend or revoke Respondent's licenses or other privileges, or (ii) suspend or disqualify Respondent from doing business with EPA or engaging in programs EPA sponsors or funds, 40 C.F.R. § 13.17.
28. The provisions of this CAFO shall apply to and be binding upon Respondent and its officers, directors, employees, agents, trustees, servants, authorized representatives, successors, and assigns. Respondent must give written notice and a copy of this CAFO to any successors in interest prior to any transfer of ownership or control of any portion of or interest in Respondent. Simultaneously with such notice, Respondent shall provide

written notice of such transfer, assignment, or delegation to EPA. In the event of any such transfer, assignment, or delegation, Respondent shall not be released from the obligations or liabilities of this CAFO unless EPA has provided written approval of the release of said obligations or liabilities.

29. By signing this CAFO, Respondent acknowledges that this CAFO will be available to the public and agrees that this CAFO does not contain any confidential business information or personally identifiable information.
30. By signing this CAFO, the undersigned representative of Complainant and the undersigned representative of Respondent each certify that he or she is fully authorized to execute and enter into the terms and conditions of this CAFO and has the legal capacity to bind the party he or she represents to this CAFO.
31. By signing this CAFO, Respondent certifies that the information it has supplied concerning this matter was at the time of submission true, accurate, and complete for each such submission, response, and statement. Respondent acknowledges that there are significant penalties for submitting false or misleading information, including the possibility of fines and imprisonment for knowing submission of such information, under 18 U.S.C. § 1001.
32. By signing this CAFO, Respondent certifies that it is currently in compliance with section 203(a)(3) of the CAA, 42 U.S.C. § 7522(a)(3).
33. Each party shall bear its own attorney's fees, costs, and disbursements incurred in this proceeding.

E. EFFECT OF CONSENT AGREEMENT AND ATTACHED FINAL ORDER

34. In accordance with 40 C.F.R. § 22.18(c), completion of the terms of this CAFO resolves only Respondent's liability for federal civil penalties for the violations and facts specifically alleged above.
35. Penalties paid pursuant to this CAFO shall not be deductible for purposes of federal taxes.
36. This CAFO constitutes the entire agreement and understanding of the parties and supersedes any prior agreements or understandings, whether written or oral, among the parties with respect to the subject matter hereof.
37. Nothing in this CAFO shall relieve Respondent of the duty to comply with all applicable provisions of the Act and other federal, state, or local laws or statutes, nor shall it restrict EPA's authority to seek compliance with any applicable laws or regulations, nor shall it be construed to be a ruling on, or determination of, any issue related to any federal, state, or local permit.

F. EFFECTIVE DATE

38. Respondent and Complainant agree to issuance of the attached Final Order. Upon filing, EPA will transmit a copy of the filed CAFO to the Respondent. This CAFO shall become effective after execution of the Final Order by the Regional Judicial Officer on the date of filing with the Regional Hearing Clerk.

The foregoing Consent Agreement in the Matter of Advance Manufacturing Group U.S.A., Inc. d/b/a OBX Racing Sports, Docket No. CAA-09-2019-____, is hereby stipulated, agreed, and approved for Entry.
