**Attachments:** EPA External Request - OIPA.pdf

Maddy:

Please find attached the external speaking request for the Administrator to speak to the Oklahoma Independent Petroleum Association "Wildcatter Wednesday" Luncheon. Please let me know how I can assist you in processing this request.

Respectfully, A.J. Ferate

---

Anthony J. "A.J." Ferate, JD  
[Ex. 6] (cell)

**External Meeting Request Form for  
Administrator E. Scott Pruitt**

**U.S. Environmental Protection Agency**

*To request the Administrator to attend and/or speak at your event, please complete and submit the following form.*

**Today's Date:** August 2, 2017

**Meeting Date:** September 6, 2017, March 7, 2018, OR May 2, 2018

**Meeting Time:** 11:30 – 1:00

**Requested Location (if offsite, please list address, parking instructions, etc.):** Embassy Suites, Oklahoma City; 741 N Phillips Ave, Oklahoma City, OK 73104

**Requestor:** A.J. Ferate, Ex. 6

**Purpose of the Meeting:** Request is to host Administrator Pruitt as a speaker at the Oklahoma Independent Petroleum Association's (OIPA) "Wildcatter Wednesday" luncheons. Mr. Pruitt has spoken at the event during his tenure as Oklahoma's Attorney General.

**Background on the Meeting:** The request involves a speech by the Administrator at a lunch event called, "Wildcatter Wednesday" on topic of the Administrator's choosing. Likely attendance would be 650-750. Held for more than the past ten years, "Wildcatter Wednesday" is a longstanding speaker series that is offered to OIPA members September – May of each year.

**Role of the Administrator:** Attend the lunch, sit at the head table, and provide comments on the topic of his choosing.

**Attendees:** 650-750 OIPA members

**Point of Contact:** A.J. Ferate, Ex. 6

**Subject:** Midwest Ozone Group

Madeline

Since it does not appear that any of the July dates we previously offered remain available, I offer the following as possible dates for a meeting of the Midwest Ozone Group with the Administrator:

August 10, 14, 15, 16, 18, 21, 22, 28, 29, 31 or September 1.

In addition to the opportunity to introduce the members of the Midwest Ozone Group, there are several important issues we would like to discuss with him including:

1. Our assessment of the impact of international emissions on ozone concentrations in the US;
2. Implications of the extension of the deadline for making ozone nonattainment designations particularly with respect to state obligations to submit Good Neighbor SIPs by the original deadline of October 2018; and
3. Our petition for reconsideration of several aspects of the CSAPR Update.

I look forward to the opportunity to speak with you about the possibility of this meeting.

Madeline

As you are looking at the Administrators schedule, please let me know what dates would be convenient with him and we will do our best to accommodate. I believe there are likely to be several electric utilities that are interested in attending the meeting. Please call my cell phone anytime to discuss.

Below is a meeting request from the Midwest Ozone Group (MOG). They'd like to come in and talk about ozone issues, especially in light of the recent announcement to delay designations. The dates they've requested and a little more about the organization is listed below. The main POC is Dave Flannery: [Dave.Flannery@Steptoe-Johnson.com](mailto:Dave.Flannery@Steptoe-Johnson.com) Let me know if you have any additional questions.

Mandy

**Additional Info:**

MOG members and participants operate some 80,000 MW of coal-fired and coal-refuse fired generation in more than ten states. The members of and participants in the MOG include: American Coalition for Clean Coal Electricity, American Electric Power, American Forest & Paper Association, Ameren, Alcoa, ARIPPA, Associated Electric Cooperative, Citizens Energy Group, Council of Industrial Boiler Owners, Duke Energy, East Kentucky Power Cooperative, FirstEnergy, Indiana Energy Association, Indiana Utility Group, LGE / KU, Ohio Utility Group, Olympus Power, and the Springfield (IL) City Water, Light & Power.

**Dates that are available for a meeting with the Administrator include:**

July 11, 12, 13, 14, 24, 25, 26, and 27.

**Subject:** Midwest Ozone Group

Mandy

Given the Administrator's letter of June 7, 2017 extending the deadline for making nonattainment designations related to the 2015 ozone NAAQS and calling for an assessment of international transport and other considerations related to the 2015 ozone NAAQS, I am providing a link and an attachment involving both a white paper and PowerPoint presentation prepared by the Midwest Ozone Group which assess the significance of international transport impact in 2017 and provide an overall assessment of improvements in ozone air quality:

White paper:

[http://www.midwestozonegroup.com/files/Assessment\\_of\\_International\\_Transport\\_and\\_Improved\\_Ozone\\_Air\\_Quality\\_6.22.17.docx](http://www.midwestozonegroup.com/files/Assessment_of_International_Transport_and_Improved_Ozone_Air_Quality_6.22.17.docx)

PowerPoint:

[http://www.midwestozonegroup.com/files/Assessment\\_of\\_International\\_Transport\\_and\\_Improved\\_Ozone\\_Air\\_Quality\\_6.22.17.ppt](http://www.midwestozonegroup.com/files/Assessment_of_International_Transport_and_Improved_Ozone_Air_Quality_6.22.17.ppt)

We would be pleased to comment on these in a meeting with the Administrator. In the meantime, if you have any questions about these documents, please contact me.

**Subject:** Midwest Ozone Group

Mandy

Thanks for taking some time with me on May 31, 2017, to discuss the Midwest Ozone Group (MOG) and its interest in meeting with Administrator Pruitt to discuss both its Petition to Reconsider the CSAPR Update filed on December 23, 2016, and its Regulatory Reform comments filed on May 15, 2017. These documents (both of which are attached) describe MOG's concerns about the technical and legal issues associated with the modeling and development of the CSAPR Update and the general implementation of the ozone NAAQS. Among these concerns are the failure to have considered existing on-the-books control programs, the failure to have accounted for the effects of international emissions and the imposition of control requirements solely on electric generating units, resulting in prohibited "over control" of sources in many states.

MOG members and participants operate some 80,000 MW of coal-fired and coal-refuse fired generation in more than ten states. The members of and participants in the MOG include: American Coalition for Clean Coal Electricity, American Electric Power, American Forest & Paper Association, Ameren, Alcoa, ARIPPA, Associated Electric Cooperative, Citizens Energy Group, Council of Industrial Boiler Owners, Duke Energy, East Kentucky Power Cooperative, FirstEnergy, Indiana Energy Association, Indiana Utility Group, LGE / KU, Ohio Utility Group, Olympus Power, and the Springfield (IL) City Water, Light & Power.

Dates that are available for a meeting with the Administrator include:

June 12, 13, 14, 15, 19, and 20.  
July 11, 12, 13, 14, 24, 25, 26, and 27.

If need anything more from us related to the scheduling of this meeting, please let me know.

**Subject:** Updated Request for Meeting

**Importance:** High

Good Afternoon Maddy. Was concerned you may not have seen my email from Friday. Again, I am writing to renew our request for a meeting with Administrator Pruitt. As you recall, the last time he was in town from Houston the Administrator was out of town. We hoped he might be in DC and available for just a brief meet and greet with President Harry Pefanis on Tuesday, October 24th anytime from 2:30 to 4:30. I know he is very busy

Plains was founded by CEO Greg Armstrong and President Harry Pefanis in Oklahoma City, both Oklahoma natives. Now headquartered in Houston, it has become one of the largest interstate pipelines in North America and with one of the largest presence at Cushing, Oklahoma.

Harry hasn't met the Administrator and would appreciate the opportunity. Thank you all so much for your consideration.

Best, Denise

**Subject:** Visit to Charlotte Pipe/OIPA lunch event

Maddy:

I hope all is well, I'm sorry I did not get a chance to say hello when I was in a few weeks ago.

During my meeting with the Administrator, he said he would like to find a time to visit Charlotte Pipe's foundry facility in North Carolina. I do not know the process I need to follow to make arrangements for such a visit, but would like to begin that process with you.

Also, the Administrator expressed interest in speaking in OKC while I spoke with him. OIPA would like to host the Administrator for a "Wildcatter Wednesday" lunch in Oklahoma City. If he remains interested in speaking at one of our monthly lunches, I can provide a schedule of open dates for him to choose from.

Thanks, Maddy, and I hope to chat with you soon.

Warmly, A.J. Ferate

**Subject:** Scheduling request for Mandy Gunasekara

Hi Maddy,

Hope all is well! I wanted to reach out to you because I have two scheduling requests for Mandy Gunasekara and I thought maybe you could help me find someone who manages her schedule. I have reached out directly a couple of times but I know you all have been very busy and I don't want to keep bugging her!

The Engine Manufacturers Association and Diesel Technology Forum are holding a joint meeting on November 9<sup>th</sup> and want to invite Mandy to speak to the group about mobile source regulation.

We also wanted to follow up on our meeting with Administrator Pruitt in September and present Mandy with some of our follow ups from that meeting.

Please let me know if there is someone I can reach out to to get these on the calendar. I truly appreciate all of your help!

All the best,

**Subject:** Meeting Request- Cummins and Daimler Trucks NA CEOs with Administrator Pruitt

Hi Michelle,

I am writing to request a meeting in Washington, D.C. for Wednesday, September 20th with EPA Administrator Scott Pruitt. The meeting is with the leaders of two of the largest truck and engine manufacturers in the United States – Cummins Inc. CEO Tom Linebarger and Daimler Trucks North America CEO Roger Nielsen. They would like to discuss potential changes to the heavy-duty truck emissions program.

Please let me know of the Administrator's availability for September 20th. Thank you for your help, and we look forward to hearing from you.

Best,

**Traci Kraus**

Hi Madeline,

I know we're working on setting up a DC meeting, but I wanted to go ahead and get this to you! Please let me know if you have any questions.

FreedomWorks would like to extend an invitation for Administrator Pruitt to join us in an off the record conversation April 5-8, 2018 in Naples, Florida.

Attached you'll find more information.

Thanks!  
Paul

Washington, DC 20001

August 2, 2017

The Honorable Scott Pruitt  
U.S. Environmental Protection Agency  
1200 Pennsylvania Ave NW  
Washington, DC 20460

Dear Administrator Pruitt,

I want to cordially invite you to speak at FreedomWorks' Restore Liberty conference. Each year, FreedomWorks hosts a private, off-the-record meeting with our board of directors, top investors, and others who are interested in making freedom work again. Past speakers include Judge Andrew Napolitano, Steve Forbes, Glenn Beck, and Senators Ted Cruz, Rand Paul, Mike Lee, and Ben Sasse. If your schedule permits, I hope you will consider joining the conversation.

Restore Liberty will be held April 5 through 8, 2018 in Naples, Florida. If you are willing, I know our guests would be deeply appreciative of an opportunity to hear from you on reducing the federal regulatory burden.

**What:** FreedomWorks' Annual Investor Retreat: Restore Liberty

**When:** April 5-8, 2018

**Where:** The Ritz Carlton Golf Resort  
2600 Tiburon Dr, Naples, FL 34109

**Audience:** We expect 150 attendees for this year's Restore Liberty program. Our audience is both educated and politically savvy. Many attendees lean libertarian, but some are traditional conservatives. The average age is between 45-65, approximately 55% male and 45% female.

In the meantime, please don't hesitate to reach out if you have any questions or would like additional details. I can be reached by phone at Ex. 6 or via email at [abrandon@freedomworks.org](mailto:abrandon@freedomworks.org).

Thank you for the consideration. Let's make freedom work.

In Liberty,

Adam Brandon  
President

# RESTORE LIBERTY 2018

BUILDING MOMENTUM FOR THE MIDTERMS

**APRIL 5-8, 2018**

The Ritz Carlton Golf Resort  
Naples, Florida

REGISTER: [FWRESTORELIBERTY.COM](http://FWRESTORELIBERTY.COM)

ACCESS CODE: **fwr12018**

**Restore Liberty** is an annual private, off-the-record retreat with our invited guests, Congressmen, Senators, Governors, media personalities, and others who are interested in making freedom work.

Proceeds from this event will be used to advance our mission to build, educate, and mobilize the largest network of activists advocating the principles of smaller government, lower taxes, free markets, personal liberty, and the rule of law.

*Space is limited and invitations are non-transferable, however please let us know if you think anyone else would benefit from attending Restore Liberty.*

## TOPICS WILL INCLUDE:

- 2018 Midterm Elections
- Entitlement and Welfare Reform
- Fundamental Tax Reform
- FreedomWorks Foundation's Regulatory Action Center

## 2018 SPEAKERS

**ADAM BRANDON**  
President, FreedomWorks

**ALAN WILSON**  
Attorney General,  
South Carolina

**CHARLIE KIRK**  
Founder and Executive  
Director, Turning Point USA

**JOHN TAMNY**  
Director of the Center for  
Economic Freedom,

# External Meeting Request Form for Administrator E. Scott Pruitt

## U.S. Environmental Protection Agency

*To request the Administrator to attend and/or speak at your event, please complete and submit the following form.*

**Today's Date:** 7/31/2017

**Meeting Date:** When the Administrator is in Charlotte, NC

**Meeting Time:** Foundry facility is operating any Tuesday, Wednesday or Thursday

**Requested Location (if offsite, please list address, parking instructions, etc.):**

Charlotte Pipe & Foundry, 1335 S. Clarkson Charlotte, NC, 28208

**Requestor:** A.J. Ferate

**Purpose of the Meeting:**

Mr. Roddey Dowd, CEO of *Charlotte Pipe and Foundry*, heads one of the largest pipe manufacturers in the world as well as the *American Foundry Society (AFS)* consisting of 8,000 members and 2,000 metalcasting firms/suppliers. Mr. Dowd would like to provide the Administrator with a tour of his foundry facility and share some of the challenges he faces due to regulations imposed by previous EPA leadership.

(FYI, Administrator Pruitt indicated to Mr. Ferate that this is a visit he would like to make.)

**Background on the Meeting:**

Mr. Dowd would like, through the tour of his facility, show examples of the challenges he faces as a result of regulatory overreach. Eight (8) examples include:

### **~EPA Greenhouse Gas (GHG) Emissions from Electric Generating Utilities**

The rule for existing plants mandates a 32% reduction in CO<sub>2</sub> emissions by 2030. There is no commercially viable way to acquire such technologies...and metalcasting is an energy intensive industry. They're asking the EPA to develop a more cost effective, reliable, & feasible approach to reduce CO<sub>2</sub> emissions.

### **~National Ambient Air Quality Standards (NAAQS) for Fine Particulate Matter (PM<sub>2.5</sub>) Air Emissions**

In December 2012, EPA finalized its update to the PM<sub>2.5</sub> rule, which set standards so low that many areas in the country, including some rural areas with no industrial operations, have background-PM<sub>2.5</sub> levels that are at, or near the NAAQS for PM<sub>2.5</sub>. As a result, some foundries are unable to obtain air

permits to build new, state-of-the-art metalcasting operations or to expand or update their existing facilities because such activities may contribute even low levels of PM<sub>2.5</sub> emissions to an area that would then exceed the NAAQS.

PM<sub>2.5</sub> air emissions are reduced at metalcasting facilities with the use of baghouses and other pollution control devices. In most cases, more than 99 percent of the fine particulates are captured and not emitted into the environment.

Major flexibility is needed for metalcasters in implementing the PM<sub>2.5</sub> NAAQS, especially as it relates to completing any air dispersion modeling. PM<sub>2.5</sub> NAAQS should be reviewed and realistic levels set, taking into account regional differences.

#### **~Ozone NAAQS Revision from October 2015**

This rule set a very stringent emission standard for ozone emissions from all stationary sources in the U.S. This standard is just now starting to be implemented, and is expected to result in significant costs for communities. AFS is concerned that metalcasters will not be able to expand without a reduction of emission or shut down of operations from other businesses in the area. With the revised ozone NAAQS, plans for expansion may be delayed or shelved.

On March 28, 2017 President Trump issued an Executive Order directing EPA to review for possible reconsideration any rule that could “potentially burden the development or use of domestically produced energy sources, with particular attention to oil, natural gas, coal, and nuclear energy sources.” EPA is currently evaluating whether the 2015 ozone standard is potentially subject to the review process set forth in this Executive Order.

On April 11, 2017 the D.C. Circuit indefinitely delayed the legal challenge while EPA reconsiders the 2015 ozone standard.

EPA should consider rolling back to the pre-existing Ozone NAAQS standard to allow states and impacted sources to achieve attainment and provide time to prepare to meet a new, more realistic standard in the future.

#### **~Waters of the United States**

This rule redefines the scope of the Clean Water Act (CWA) to state which waters (such as cooling ponds, catch basins) need to meet CWA standards to protect aquatic life. It is currently stayed while going through litigation, so it is not being implemented. If implemented, it would force foundries to meet CWA standards for waters on their facilities that are currently unregulated because they are not connected to navigable waters.

President Trump signed, Presidential Executive Order on Restoring the Rule of Law, Federalism, and Economic Growth by Reviewing the “Waters of the United States” Rule on February 28, 2017. The order directed EPA and the Corps to review the rule and issue a notice and comment for a proposed rule rescinding or revising the rule.

With this new rulemaking EPA should revise this rule to ensure that waters of the U.S. are defined appropriately to not broaden CWA jurisdiction and unnecessarily burden the metalcasting industry.

#### **~Startup, Shutdown and Malfunction (SSM) Provisions**

The CAA provides for some affirmative defenses for facilities that may exceed air emission limits during temporary periods of startup, shutdown and malfunction (SSM). The U.S. Court of Appeals for the D.C. Circuit vacated the rule that allows facilities to exceed applicable hazardous air pollutant emissions

standards during these periods. EPA is also in the process of removing these SSM provisions as part of its residual risk and technology reviews for the national emissions standards for hazardous air pollutants.

In June 2015, EPA issued a final rule requiring states to revise their state implementation plans (SIPs) to control excess air emissions during periods of SSM and submit revised plans that address new SSM provisions to EPA for approval by November 22, 2016 (SIP Call Rule). This rule has been challenged in federal court.

EPA does not have the authority to ban affirmative defenses for SSM, nor is it practical for facilities to comply with emissions standards during periods of SSM.

Without action from EPA, the rule will lead to unnecessary violations for emissions over which facilities have no control. EPA should withdraw the SIP Call Rule and reinstate affirmative defenses.

### **~Residual Risk and Technology Review for Iron and Steel Foundries**

Air emissions from iron and steel foundry major sources are subject to the national emissions standards for hazardous air pollutants (NESHAP). EPA must conduct a residual risk and technology review (RTR) for all NESHAPs eight years after promulgation. The RTR of the iron and steel foundry NESHAP is now due.

Recently, EPA has issued more stringent and revised NESHAPs for several industry source categories, even though the RTR process determined that the risks associated with the controlled emissions from these sources were acceptable and that no new control technologies were identified.

This regulatory overreach is not consistent with the letter and intent of the Clean Air Act (CAA), but nonetheless has been upheld by federal appeals courts.

AFS urges the EPA to implement the RTR process for iron and steel foundries that is consistent with the letter and intent of the CAA.

### **~Stormwater Management**

Metalcasters operate under a multi-sector general permit (MSGP), as is the case for most industrial stormwater dischargers, and must implement best management practices (BMPs) to meet stormwater benchmark concentration levels. If a benchmark level is exceeded, facilities must review their BMPs and determine if additional BMPs must be implemented, or if other corrective measures are needed.

Many of the benchmark concentration levels for metals have been set so unrealistically low that it may not be possible for metalcasting operations to meet the benchmarks. In fact, many are so low that nearly all residential and commercial stormwater discharges would exceed them. As a result, many metalcasting operations could face unnecessary enforcement issues, even though their stormwater discharges are effectively controlled with BMPs.

EPA should provide flexibility in enforcing benchmarks as permit levels. If left unchecked this permit process will be never-ending, extremely burdensome, and very expensive for our industry, and in some instances not even technically feasible.

### **~Permitting**

The permitting process for new or existing facilities in the metalcasting industry is unnecessarily costly and time consuming. Often the multiple stringent requirements and processes make it impossible to build a project that will create jobs. The current rules for New Source Review and Significant

Deterioration are outdated and are the single greatest impediment to industrial job growth in the country.

The process can be streamlined by addressing the regulatory morass listed above. Also, leaving permitting of facilities to the states would eliminate EPA review and attendant delays. Cumbersome and unpredictable air emissions modeling should be revised to allow projects to proceed without environmental harm.

**Role of the Administrator:** Attend as part of a fact-finding mission to see the impact of EPA regulations on industry.

Charlotte Pipe has no known violations or enforcement actions before EPA.

**Attendees:** Roddey Dowd (Owner), Brad Muller (Charlotte Pipe & Foundry Gov't Relations), Max Justice (Legal Consultant/Partner at Parker Poe), and Stuart Jolly (consultant)

**Points of Contact:**

Brad Muller [Ex. 6] / Stuart Jolly [Ex. 6] / AJ Ferate [Ex. 6]

Sydney,

So sorry for my delayed response. Somehow your reply went into my spam folder. Adam is next weekend, so the month of July is pretty full.

**Ex. 6**

Would a meeting on July 27<sup>th</sup> or 28<sup>th</sup> work on your end? Adam is open except for after 3pm on the 27<sup>th</sup>. Thanks!

Paul

Hi Justin,

Adam Brandon, President of FreedomWorks, asked me to reach out to see if Administrator Pruitt would be available for a meeting the week of June 19th to discuss our shared priorities. Adam is flexible that week and we could work with Administrator Pruitt's schedule.

I look forward to getting this on the books!

Thanks,

Paul

**External Meeting Request Form for  
Administrator E. Scott Pruitt**

**U.S. Environmental Protection Agency**

*To request the Administrator to attend and/or speak at your event, please complete and submit the following form.*

**Today's Date:** June 26, 2017

**Meeting Date:** July 27, 2017

**Meeting Time:** 11AM

**Requested Location (if offsite, please list address, parking instructions, etc.):** EPA Office

**Requestor:** Adam Brandon, President, FreedomWorks

**Purpose of the Meeting:** Primarily, a meeting to get to know Administrator Pruitt and to discuss FreedomWorks' Regulatory Action Center and the work we are doing to encourage comments from our over 5 million activists on proposed regulations.

**Background on the Meeting:** FreedomWorks Regulatory Action Center exists to educate and mobilize citizens on the constitutional and economic dangers posed by the ever-expanding administrative state, particularly with regard to the lawful role of executive branch agencies and proper enactment of administrative regulations. Our goal is to increase awareness and involvement in the regulatory process empowering our activists to influence regulatory outcomes.

**Role of the Administrator:** Attend the meeting and discuss regulatory policy.

**Attendees:**

Adam Brandon, President of FreedomWorks

Jason Pye, Director of Director of Public Policy and Legislative Affairs, FreedomWorks

Patrick Hedger, Foundation Program Manager, FreedomWorks Foundation

**Point of Contact:** Paul Sapperstein, [psapperstein@freedomworks.org](mailto:psapperstein@freedomworks.org)

Sydney,

He will be out of town unfortunately.

I have the following:

**Breakfast** (8:30am or 9:00am): June 26, July 12, July 14

**Lunch:** June 23, July 14

**Dinner:** June 29, July 6, July 7, July 12, July 14

July 17 is the last day he will be in DC until after Labor Day. I know he would like to reschedule before then.

Lunch may open up on July 10 and 11 but I won't know for a couple days.

Sorry for the delay. So timing is going to be tight tomorrow. Ryan Jackson could sit down with him and I can hopefully get Administrator Pruitt to come in and join for a bit. Let me know if you want to go with that route.

Sent from my iPhone

Maddy & Ryan: Monsanto CEO Hugh Grant (bio below) will be in DC meeting with Congressional Members on Tuesday July 25<sup>th</sup>. I would love the opportunity to have Hugh meet with Administrator Pruitt during this visit if it works for his schedule. He is available from 10:30-5:30 on the 25<sup>th</sup>.

Please let me know if something can work. Thanks for your consideration and hope both had a great July 4th.

Rob

#### **Hugh Grant; Chairman and Chief Executive Officer**

<image001.jpg>

Hugh Grant is the Chairman and Chief Executive Officer of Monsanto Company, where he leads more than 20,000 employees in 67 countries who work to provide a broad range of solutions to help farmers nourish a growing world. Under his leadership, the company is focused on developing and advancing sustainable agricultural practices to help conserve the planet's natural resources.

Hugh has worked in agriculture his entire career, beginning with a part-time job in college picking lettuce and tomatoes in the countryside of Scotland, to leading Monsanto Company as chairman and CEO since 2003. Over his 35-year tenure with the company, he has worked for Monsanto on three continents, managing key elements of the global business and helping to diversify the company's products and technology solutions.

Under Hugh's leadership, Monsanto has been named to Fortune's World's Most Admired Companies multiple times, and the company is routinely recognized by national and global organizations for employee innovation and workplace satisfaction. He has also been recognized on Barron's list of Most Respected CEOs, Harvard Business Review's Top 50 Best Performing CEOs, and as "CEO of the Year" by Chief Executive Magazine. In 2011, Hugh was inducted as a member of the American Academy of Arts and Sciences.

Hugh discovered a passion for science while studying agricultural zoology and molecular biology at Glasgow University. He recognized the potential for innovation to transform agriculture and went on to earn an advanced degree in agriculture at Edinburgh University and an MBA at the International Management Center in Buckingham.

Hugh and his family have made St. Louis their home, and he is deeply committed to the progress and prosperity of the regional community. He is an active member of Civic Progress in St. Louis and serves on the board of trustees for Washington University in St. Louis. In addition to his role as Chairman, Hugh chairs the Executive Committee of Monsanto Company's board of directors. He also serves on the board of PPG Industries, Inc., where he is chair of the Nominating and Governance Committee and a member of the Officers-Directors Compensation Committee.

Subject: Request for meeting  
Importance: High

Hi Maddy,

The President of Plains, Harry Pefanis said he would stay over on Wednesday night if the Administrator was back on Thursday and could squeeze them in for short meet and greet. Just thought I would ask.

Thanks again,  
Denise

1045 is perfect, thank you. I am planning to talk with Sarah Greenwalt tomorrow and depending on how our discussion goes it may be wise to include her. I will keep you posted.

Thanks! AJF

**Subject:** RE: Today's schedule

How about 10:15 AM on the 11<sup>th</sup>?

Do you want to talk to him about something in particular and should have staff with him?

**Subject:** Re: Today's schedule

Maddy: Would the administrator have time on his schedule from the 10th-12th for a visit? I could also come in on Sunday the 9th if necessary. Thanks! AJF

Hi A.J.

Again so sorry for not being able to make this week's meeting work. Please let me know when you are back in town, and I will put time on the schedule for you to stop in.

I hope you have a good weekend!

Best,  
Maddy

**Subject:** Re: Today's schedule

Thank you, Maddy. I think the meetings will go well even with the Administrator's absence.

On another note, I will be coming back out to DC in the coming weeks and may want to stop in to see the administrator again. Are there better weeks on his schedule than others for 10-15 minutes?

Thanks again, AJF

**Subject:** RE: Today's schedule

Hi A.J.,

I just let the Mosaic folks know, but the Administrator won't be making either meetings today. Senior Staff will be taking his place though, so they will be in good hands! Let me know when they all come back and we will try and get them back on the schedule.

So sorry for any inconvenience this may have caused!

Best,  
Maddy

**Subject:** Today's schedule

Madeline:

Both the Mosaic team and the AFS groups will come to EPA as planned despite the Administrator's absence. Perhaps we can schedule times with him for these groups in the future.

Thank you very much
