**INJECTION PRESSURE:** Enter the minimum, average, and maximum injection pressure that occurred during each month, in pounds per square inch (psi).

**INJECTION RATE:** Enter the minimum, average, and maximum injection rate, in barrels per day, that occurred during each month.

**ANNULAR PRESSURE:** Enter the minimum, average, and maximum pressure on the annulus between the tubing and long string casing that occurred during each month, in pounds per square inch (psi).

**INJECTION VOLUME:** Enter the monthly total and yearly cumulative volume (in barrels) that has been injected.

**TEMPERATURE:** If the UIC permit requires monitoring of the temperature of the injectate, provide the minimum, average, and maximum temperature that occurred during each month, in degrees Fahrenheit (F°).

**pH:** If the UIC permit requires monitoring of the pH of the injectate, provide the minimum, average, and maximum values that occurred during each month.

**OTHER INFORMATION:** If the UIC permit requires any other monitoring, provide the minimum, average, and maximum values that occurred during each month, as appropriate. (Attach pages to this form if necessary.)

**PAPERWORK REDUCTION ACT NOTICE:** The public reporting and recordkeeping burden for this collection of information is estimated to average 24.7 hours per response for operators of Class I hazardous wells, 14.4 hours per response for operators of Class I non-hazardous wells, and 27.9 hours per response for operators of Class III wells. Burden means the total time, effort, or financial resource expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal Agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to the collection of information; search data sources; complete and review the collection of information; and, transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including the use of automated collection techniques to Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822), 1200 Pennsylvania Ave., NW., Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed forms to this address.
