Dear Mr. Hartl,

This letter is to provide you with a status update on your request for correction (RFC #18002), submitted to the U.S. Environmental Protection Agency (EPA) on August 28, 2018, regarding the Center for Biological Diversity (CBD) concerns about the web page "[EPA's Seven Year Quest for Columbia's Raw Data](#)" and that it does not comply with the Information Quality Act's "basic requirements that all federal agencies provide public information that is objective, of adequate quality, utility, and high integrity."

The issues that you raised in this request to EPA are currently under consideration. We will provide you with a response or a status update on your request by October 30, 2019, which is 90 business days from now.

Thank you for your interest in EPA's information quality.

Sincerely,

A handwritten signature in black ink, reading "Vincia Holloman".
