

KETTLEMAN HILLS FACILITY – PROPOSED PCB PERMIT

PUBLIC MEETING & HEARING

WHEN

Thursday, October 10, 2019

WHERE

Kettleman City Elementary School

701 General Petroleum Ave., Kettleman City, CA 93239

Simultaneous Spanish interpretation will be provided.

The U.S. Environmental Protection Agency (EPA) is asking for your comments on its proposed permit for polychlorinated biphenyl (PCB) waste storage and disposal at Chemical Waste Management Inc.'s Kettleman Hills Facility.

If you require a reasonable accommodation, please contact Laurie Amaro at (415) 972-3364 or amaro.laurie@epa.gov two weeks prior to the event or as far in advance of the event as possible.

To review the proposed permit and submit written comments, please see EPA's website:

WWW.EPA.GOV/CA/KETTLEMAN-HILLS

MEETING 5:30

Presentations on the Proposed Permit and Draft Environmental Justice Analysis

Question and Answer Session

HEARING 7:30

Opportunity to provide spoken or written comments
