

Food Stewardship Resources

Resources for Faith Facilities

- Food Recovery Challenge – EPA is partnering with organizations and businesses to prevent and reduce wasted food. <https://www.epa.gov/sustainable-management-food/food-recovery-challenge-frc>
- Faith-Based Food Recovery Challenge Endorsers – Endorsers help spread the word on the importance of reducing and donating waste food. <https://www.epa.gov/sustainable-management-food/endorsers-food-recovery-challenge>
- How to Donate? – This website includes information on how to determine what types of food can be donated and how and where to donate. <https://www.epa.gov/sustainable-management-food/reduce-wasted-food-feeding-hungry-people>
- Food Waste Assessment Guidebook – The first step toward reducing wasted food is to perform an assessment to identify what is actually being thrown away. Use this guide to learn how to do a wasted food assessment. https://www.epa.gov/sites/production/files/2015-08/documents/r5_fd_wste_guidebk_020615.pdf
- Waste Reduction Model (WARM) – The WARM tool helps organizations track and voluntarily report greenhouse gas (GHG) emissions reductions from several different waste management practices. <https://www.epa.gov/warm>

Resources for Congregations, Communities, and Individuals

- Food: Too Good to Waste – The implementation guide and toolkit aim to reduce wasteful household food management practices. <https://www.epa.gov/sustainable-management-food/food-too-good-waste-implementation-guide-and-toolkit>
- How Do I Reduce my Food Waste? – This website includes resources on how to donate and ways to reduce your wasted food. <https://www.epa.gov/recycle/reducing-wasted-food-home>
- How Do I Compost at Home? – This website includes the benefits of composting and tips on how to compost at home. <https://www.epa.gov/recycle/composting-home>
