

PUBLIC NOTICE

PUBLIC NOTICE OF A DRAFT NPDES PERMIT TO DISCHARGE INTO WATERS OF THE UNITED STATES

U.S. Environmental Protection Agency
Region 5, Permits Branch - WP-16J
77 West Jackson Boulevard
Chicago, Illinois 60604
(312) 886-6106

Public Notice No.: 19-09-01-A

Public Notice Issued On: September 13, 2019 Comment period ends: October 14, 2019

Permit No.: WI-0058424-5 (REISSUANCE)

Application No.: WI-0058424-5

Name and Address of Applicant:

**Name and Address of Facility
Where Discharge Occurs:**

Forest County Potawatomi Community
P.O. Box 340
Crandon, Wisconsin 54520

Crandon Recirculating Sand Filter/Stone
Lake WWTP
HWY 8 East
Crandon, Wisconsin 54520
(S ¼ of the Sec. 27, T36N, R13E)

Receiving Water: Unnamed Wetlands

DESCRIPTION OF APPLICANT'S FACILITY AND DISCHARGE

The above-named applicant has applied for an NPDES Permit to discharge into the designated receiving water. The discharge is located within the boundaries of the Forest County Potawatomi Indian Reservation. The EPA has retained the authority to issue NPDES permits to facilities with discharges to waters of the United States within Indian Country. The EPA is issuing this NPDES permit under the authorities of the Clean Water Act.

The application and plans indicate that the permittee owns and operates a 0.07 mgd wastewater treatment plant using a recirculating sand filter. Wastewater is collected via two lift stations, twelve effluent pumps, and several thousand feet of gravity sewer and force main. The permittee upgraded the treatment facility during the previous permit term. The Stone Lake Wastewater Facility Modifications provided for Septic Receiving, Phosphorus removal and UV disinfection. The project also redirected influent wastewater to be screened prior to further treatment with the existing Recirculating Sand Filter. To accomplish this, the project included a new metal building with wastewater treatment equipment and exterior site improvements. In addition, the project included converting the existing Controls Building to storage and adding controls to tie the Main Lift Station Controls to the Septage Receiving. The Recirculating Sand Filter stayed in place as-is.

The discharge is continuous to a wetland from outfall 001: N ½ of Section 27, Township 36N, Range 13E (Latitude 45° 34' 12" ; Longitude 88° 51' 17") on the Reservation.

The sludge from this facility is transported to the new Carter Wastewater Treatment Facility (NPDES Permit # WI-0058432) for dewatering with the Carter sludge. Final disposal is to a municipal solid waste landfill.

TENTATIVE DETERMINATION

On the basis of preliminary staff review and application of applicable standards and regulations, the Regional Administrator of EPA, Region 5 proposes to reissue a permit for the discharge from the Crandon Recirculating Sand Filter/Stone Lake Wastewater Treatment Plant subject to certain effluent limitations and special conditions.

COMMENT PROCEDURES and PUBLIC HEARING

The determination to issue the NPDES permit is tentative. EPA's comment and public hearing procedures may be found at 40 CFR 124.10, 124.11, 124.12, and 124.13. The following is a summary of those procedures:

1. The comment period during which written comments on the draft permit may be submitted extends to October 14, 2019.
2. During the comment period, any interested person may request a public hearing by filing a written request which must state the issues to be raised. The last day for filing a request for public hearing is October 14, 2019. EPA will hold a hearing if there is significant interest based on written requests. Public notice of such a hearing will be circulated in at least one newspaper in the geographical area of the discharge and to those persons on the EPA mailing list at least 30 days prior to the hearing.
3. All comments postmarked after October 14, 2019 will not be considered in the formulation of the final determination.
4. Written comments or requests for a public hearing must be delivered or mailed to: John A. Colletti, U.S. Environmental Protection Agency, Region 5, NPDES Programs Branch - WN-16J, 77 West Jackson Boulevard, Chicago, Illinois 60604, or emailed to colletti.john@epa.gov.

The application and Public Notice numbers should appear next to the EPA address on the envelope and on each page of any submitted comments. It is important that all viewpoints are considered before taking action. Therefore, we greatly appreciate your time and effort in participating in the public participation process. Please bring the foregoing to the attention of persons whom you know would be interested in this matter. Unless a public hearing is scheduled, the EPA will issue a final determination as to the issuance of the permit in a timely manner after the expiration of the public comment period. If you would like to receive a copy of the final determination, please submit a request during the comment period to the above address. EPA will notify the applicant and each person who has submitted written comments or requested notice of the final permit decision.

PETITION TO REVIEW

Within 30 days following the service of notice of the Regional Administrator's final permit decision, any person who filed comments on the draft permit or participated in a public hearing, if held, may petition the Environmental Appeals Board (EAB) to review any condition of the permit decision. Such a petition must include a statement of the reasons supporting review of the decision, including a demonstration that the issue(s) being raised for review were raised during the public comment period (including any public hearing). The petition should, when appropriate, show that each condition being appealed is based on either, (1) a finding of fact or conclusion of law which is clearly erroneous, or (2) an exercise of discretion or an important policy demonstration which the EAB should, in its discretion, review.

AVAILABILITY OF DOCUMENTS

The application, draft permit, including proposed effluent limitations and special conditions, statement of basis, and other documents contained in the administrative record, are available for inspection and may be copied at a cost of 15 cents per page at the Chicago Regional offices of the Environmental Protection Agency anytime between 9:00 a.m. and 4:00 p.m., Monday through Friday. You may also view, the public notice, statement of basis, and draft permit on Region 5's website at "<https://www.epa.gov/npdes-permits/crandon-recirculating-sand-filter-stone-lake-wastewater-treatment-plant-npdes-permit-wi-0058424-5>". All data submitted by the applicant is available as part of the administrative record. For more information, please contact John Colletti at (312) 886-6106 or by e-mail at colletti.john@epa.gov.
