

## CITY OF JOLIET

**PROJECT NAME:** Alternative Water Source Program

**LOCATION:** Joliet, IL

**INVITED WIFIA LOAN AMOUNT:** TBD

**POPULATION SERVED BY PROJECT:** 207,000

**PROJECT TYPE:** Drinking Water

### PROJECT DESCRIPTION:

The Alternative Water Source Program will construct infrastructure needed to access a new source for drinking water to replace the City's reliance of current primary water source, the deep sandstone aquifer. The purpose of the project is to provide a sustainable source of drinking water for the City of Joliet and potentially the region. The aquifer currently supplying Joliet's wells will not meet maximum day demands by 2030.

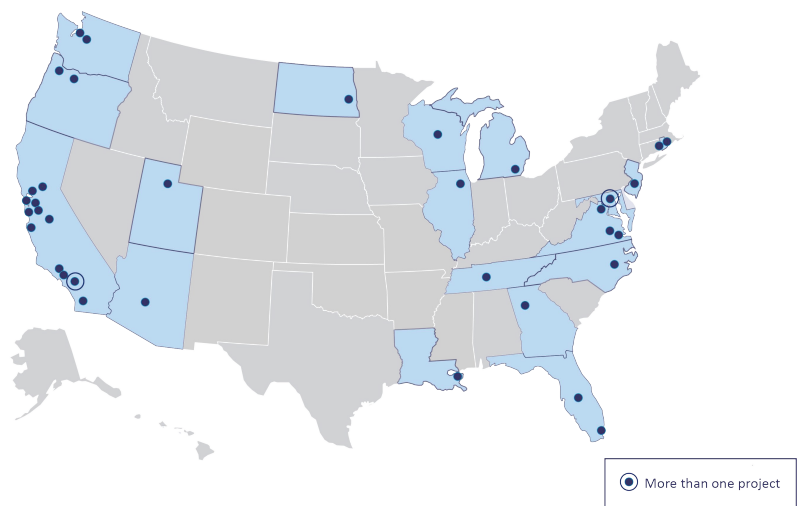

## FY 2019 SELECTION ROUND

**NUMBER OF PROJECTS SELECTED:** 38

**TOTAL LOAN AMOUNT:** \$6.3 billion to public and private entities

**TOTAL WATER INFRASTRUCTURE INVESTMENT SUPPORTED:** \$12 billion

**NUMBER OF PEOPLE IMPACTED:**  
24 million in 18 states

Selected projects must submit an application for a WIFIA loan, pass a creditworthiness assessment, negotiate a mutually agreeable term sheet, and execute a credit agreement to receive WIFIA funding. An invitation to apply indicates that EPA believes the selected projects will be able to attain WIFIA loans.
