

The Water Infrastructure Finance and Innovation Act (WIFIA) program accelerates investment in our nation’s water infrastructure by providing long-term, low-cost supplemental loans for regionally and nationally significant projects.

## COLUMBIA POWER & WATER SYSTEMS

**PROJECT NAME:** Long Term Water Supply Program

**LOCATION:** Columbia, TN

**INVITED WIFIA LOAN AMOUNT:** \$106 million

**POPULATION SERVED BY PROJECT:** 127,000

**PROJECT TYPE:** Drinking Water

### PROJECT DESCRIPTION:

The Long Term Water Supply Program includes water supply, treatment and distribution system projects on the Columbia Power and Water Systems system and its two major wholesale customer’s systems, City of Spring Hill and Maury County Water System. The purpose of the program is to all meet the increasing water demands of the customer base while providing drought resiliency for the region.

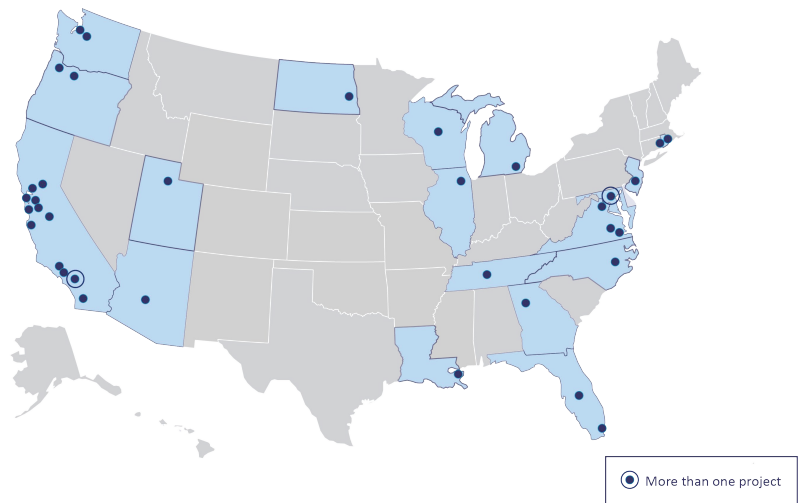

## FY 2019 SELECTION ROUND

**NUMBER OF PROJECTS SELECTED:** 38

**TOTAL LOAN AMOUNT:** \$6.3 billion to public and private entities

**TOTAL WATER INFRASTRUCTURE INVESTMENT SUPPORTED:** \$12 billion

**NUMBER OF PEOPLE IMPACTED:**  
24 million in 18 states

Selected projects must submit an application for a WIFIA loan, pass a creditworthiness assessment, negotiate a mutually agreeable term sheet, and execute a credit agreement to receive WIFIA funding. An invitation to apply indicates that EPA believes the selected projects will be able to attain WIFIA loans.
