

The Water Infrastructure Finance and Innovation Act (WIFIA) program accelerates investment in our nation's water infrastructure by providing long-term, low-cost supplemental loans for regionally and nationally significant projects.

DOWNRIVER UTILITY WASTEWATER AUTHORITY

PROJECT NAME: Biosolids Dryer Facility & Other Critical Projects

LOCATION: Taylor, MI

INVITED WIFIA LOAN AMOUNT: \$13 million

POPULATION SERVED BY PROJECT: 350,000

PROJECT TYPE: Wastewater

PROJECT DESCRIPTION:

Downriver Utility Wastewater Authority will implement projects to increase the resiliency of its system, including the construction of in-direct heating biosolids dryers, rehabilitation of the sewer and manholes, and repair and testing of the electrical system and equipment. The purpose of these projects is to significantly extend the remaining useful life of the utility's systems.

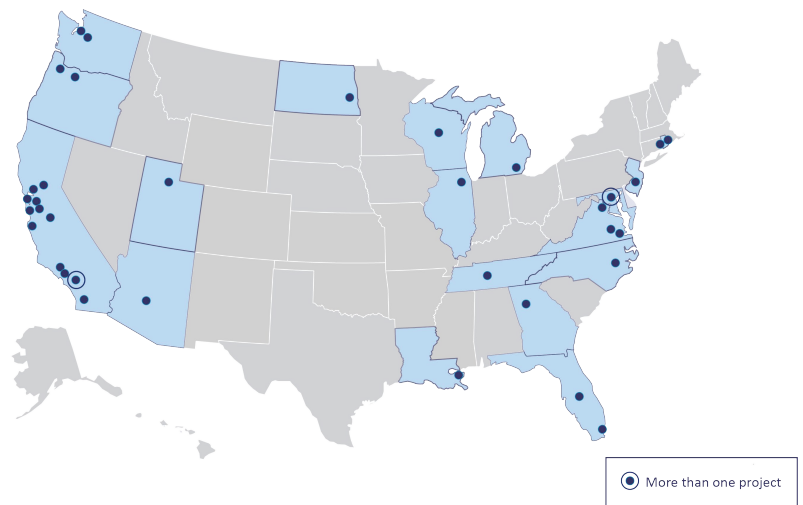

FY 2019 SELECTION ROUND

NUMBER OF PROJECTS SELECTED: 38

TOTAL LOAN AMOUNT: \$6.3 billion to public and private entities

TOTAL WATER INFRASTRUCTURE INVESTMENT SUPPORTED: \$12 billion

NUMBER OF PEOPLE IMPACTED:
24 million in 18 states

Selected projects must submit an application for a WIFIA loan, pass a creditworthiness assessment, negotiate a mutually agreeable term sheet, and execute a credit agreement to receive WIFIA funding. An invitation to apply indicates that EPA believes the selected projects will be able to attain WIFIA loans.
