

The Water Infrastructure Finance and Innovation Act (WIFIA) program accelerates investment in our nation’s water infrastructure by providing long-term, low-cost supplemental loans for regionally and nationally significant projects.

SAN LUIS & DELTA-MENDOTA WATER AUTHORITY

PROJECT NAME: Jones Pumping Plant Unit Motor Rehabilitation Project

LOCATION: Los Banos, CA

INVITED WIFIA LOAN AMOUNT: \$19 million

POPULATION SERVED BY PROJECT: 2,000,000

PROJECT TYPE: Drinking Water

PROJECT DESCRIPTION:

The Jones Pumping Plant Unit Motor Rehabilitation Project will rehabilitate six unit motors that have reached the end of their service life. The purpose of the project is to extend the life of the Jones Pumping Plant’s unit motor for approximately 30 years and to improve the overall resiliency, reliability, and efficiency of the plant.

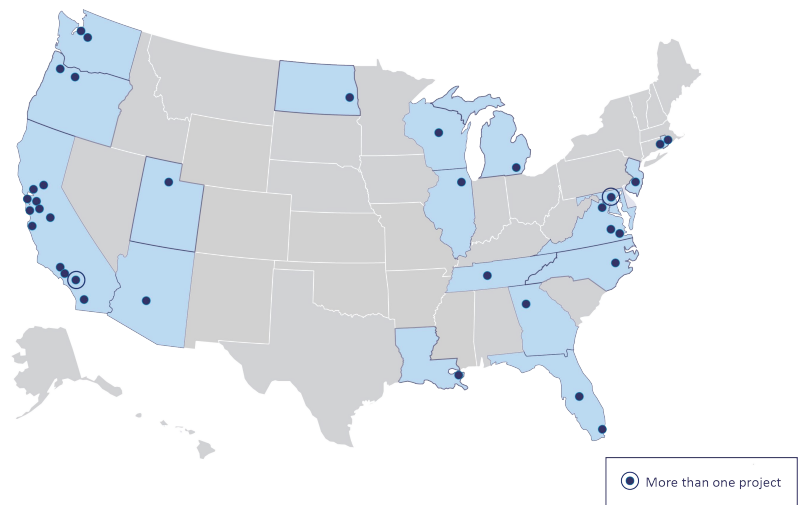

FY 2019 SELECTION ROUND

NUMBER OF PROJECTS SELECTED: 38

TOTAL LOAN AMOUNT: \$6.3 billion to public and private entities

TOTAL WATER INFRASTRUCTURE INVESTMENT SUPPORTED: \$12 billion

NUMBER OF PEOPLE IMPACTED:
24 million in 18 states

Selected projects must submit an application for a WIFIA loan, pass a creditworthiness assessment, negotiate a mutually agreeable term sheet, and execute a credit agreement to receive WIFIA funding. An invitation to apply indicates that EPA believes the selected projects will be able to attain WIFIA loans.
