Re: Updated Site-Specific Risk Assessment for the Veolia Facility in Sauget, IL

Dear Mr. Smith:

In February 2019, the Illinois Environmental Protection Agency (IEPA) and the Illinois Attorney General's Office (IAG), requested the United States Environmental Protection Agency (EPA) to update the site-specific risk assessment (SSRA) completed in 2007, based on potential emissions from the hazardous waste incinerators at the Veolia facility in Sauget, Illinois. Please find enclosed a copy of the SSRA and Appendices.

Please contact Christopher Lambesis ([lambesis.christopher@epa.gov](mailto:lambesis.christopher@epa.gov), 312-886-3583) or Todd Ramaly ([ramaly.todd@epa.gov](mailto:ramaly.todd@epa.gov), 312-353-9317) of my staff if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Ireland", is written over a light blue horizontal line.

D. Scott Ireland, Chief  
Land and Chemicals Branch  
Land, Chemicals & Redevelopment Division
