

# Green Power Partnership Long-term Contracts List

Released on January 27, 2020

The Long-term Green Power Contracts list highlights the Green Power Partners that have signed a contract to purchase green power for five years or more. The combined green power use from these 406 contracts amounts to nearly 20 billion kilowatt-hours of green power annually, which is equivalent to the electricity use of more than 1.6 million average American households each year.
