II. Background

The Safer Choice program allows the use of its label on products that perform and contain safer ingredients, as determined by expert evaluation. The Safer Choice program recognition represents a high level of achievement in formulating products that are safer for people and the environment. The purpose of the Partner of the Year Awards is to recognize the leadership contributions of Safer Choice partners and stakeholders who, over the past year, have shown achievement in the design, manufacture, selection, and use of products with safer chemicals, which furthers outstanding or innovative source reduction.
