ORDER

§

On this date the Court considered the Joint Unopposed Motion to Terminate Consent Decree filed by Defendant Alon Refining Krotz Springs, Inc., formerly Valero Refining Company - Louisiana, Plaintiff the United States of America, and Plaintiff-Intervener the State of Louisiana (collectively, "the Movants"), along with the Memorandum of Law and other papers filed in support thereof. After review, the Court finds that it is in the public interest to terminate the Valero Refining Company ("Valero") Consent Decree entered in this case on November 23, 2005 (Doc. No. 37) as it applies solely to the petroleum refinery in Krotz Springs, Louisiana.

It is therefore ORDERED that the Joint Motion to Terminate Consent Decree is GRANTED and the Valero Consent Decree is hereby terminated with respect to Alon Refining Krotz Springs, Inc., formerly the Valero Refining Company - Louisiana, specifically as to the

petroleum refinery in Krotz Springs, Louisiana.
