SUPPLEMENTARY INFORMATION: The EPA is reviewing the PM NAAQS as required by section 109 (42 U.S.C. 7409) of the Clean Air Act (CAA). The proposed action for which the EPA is holding a public hearing was signed on April 14, 2020, and is available at

<https://www.epa.gov/naaqs/particulate-matter-pm-standards-federal-register-notice-current-review>. The public hearing will provide interested parties the opportunity to present data, views, or arguments concerning EPA's proposed decisions in the current review of the PM NAAQS.

Written statements and supporting information submitted during the comment period will be considered with the same weight as any oral comments and supporting information presented at the public hearings.

Written Comments. Submit your comments, identified by Docket ID No. EPA-HQ-OAR-

2015-0072, at <https://www.regulations.gov> (our preferred method), or the other methods identified in the **ADDRESSES** section. Once submitted, comments cannot be edited or removed from the docket. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written submission. The written submission is considered the official submission and should include discussion of all points you wish to make. The EPA will generally not consider submissions or submission content located outside of the primary submission (i.e., on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

The EPA is temporarily suspending its Docket Center and Reading Room for public visitors to reduce the risk of transmitting COVID-19. Written comments submitted by mail are temporarily suspended and no hand deliveries will be accepted. Our Docket Center staff will continue to provide remote customer service via email, phone, and webform. We encourage the public to submit comments via <https://www.regulations.gov>. For further information and updates on EPA Docket Center services, please visit us online at <https://www.epa.gov/dockets>.

The EPA continues to carefully and continuously monitor information from the Centers for Disease Control and Prevention (CDC), local area health departments, and our Federal

partners so that we can respond rapidly as conditions change regarding COVID-19.

Participation in Virtual Public Hearing. Please note that EPA is deviating from its typical approach because the President has declared a national emergency. Because of current CDC recommendations, as well as state and local orders for social distancing to limit the spread of COVID-19, EPA cannot hold in-person public meetings at this time.

The EPA will begin pre-registering speakers and attendees for the hearing upon publication of this document in the **Federal Register**. EPA will accept registrations on an individual basis. To register to speak at the virtual hearing, individuals may use the online registration form available via EPA's Particulate Matter Pollution webpage for this hearing (<https://www.epa.gov/pm-pollution/national-ambient-air-quality-standards-naaqs-pm>) or contact Regina Chappell at (919) 541-3650 or chappell.regina@epa.gov. The last day to pre-register to speak at the hearing will be May 14, 2020. On May 18, 2020, the EPA will post a general agenda for the hearing that will list pre-registered speakers in approximate order at:

<https://www.epa.gov/pm-pollution/national-ambient-air-quality-standards-naaqs-pm>.

The EPA will make every effort to follow the schedule as closely as possible on the day of the hearing; however, please plan for the hearings to run either ahead of schedule or behind schedule. Additionally, requests to speak will be taken the day of the hearing at the end of each session as timing allows. The EPA will make every effort to accommodate all speakers.

Each commenter will have 5 minutes to provide oral testimony. The EPA recommends submitting the text of your oral comments as written comments to the rulemaking docket. The

EPA may ask clarifying questions during the oral presentations but will not respond to the presentations at that time. Written statements and supporting information submitted during the comment period will be considered with the same weight as oral comments and supporting information presented at the public hearing.

The EPA is also asking hearing attendees to pre-register for the hearing, even those who don't intend to provide testimony. This will help the EPA ensure that sufficient phone lines will be available.

Please note that any updates made to any aspect of the hearing logistics, including potential additional sessions, will be posted online at the EPA's Particulate Matter Pollution website (<https://www.epa.gov/pm-pollution/national-ambient-air-quality-standards-naaqs-pm>). While the EPA expects the hearing to go forward as set forth above, please monitor our website or contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to determine if there are any updates.

If you require the services of a translator or special accommodations such as audio description, please pre-register for the hearing and describe your needs by May 13, 2020. EPA may not be able to arrange accommodations without advanced notice.

How can I get copies of the proposed action and other related information?

The EPA has also established the official public docket for the proposed action under Docket ID No. EPA-HQ-OAR-2015-0072. A copy of the proposed action is available at <https://www.epa.gov/naaqs/particulate-matter-pm-standards-federal-register-notice-current>
