

LMOP Shares Info about EPA Grant for Food Waste AD

The U.S. EPA Landfill Methane Outreach Program (LMOP) is pleased to inform its Partners and other interested stakeholders about a **grant opportunity for food waste management projects** through EPA's Office of Land and Emergency Management (OLEM). Note that LMOP is not involved in the application or selection process.

EPA is seeking applications from state, local, Tribal, interstate and intrastate government agencies and instrumentalities and non-profit organizations to help **reduce food loss and waste and divert food waste from landfills by expanding anaerobic digester (AD) capacity** in the United States.

Applications are due by **Tuesday, July 14, 2020**. The grant information is available on [Grants.gov](https://www.grants.gov), under Funding Opportunity Number **EPA-OLEM-ORCR-20-02**.

For more information on this opportunity, see the [EPA Anaerobic Digestion Funding Opportunity page](#) and join the [informational webinar](#) on **Tuesday, June 2, 2020**, from **1:00-2:00 PM (ET)**. The webinar will review the funding opportunity, key sections of the application and the application process.

To request removal from this email list, please reply to this message. For further information or questions about LMOP, please do not reply to this email message, but rather visit the [LMOP website](#). Thank you.
