**Note: Product manufacturer's data summary information can be found in the NCP Product Schedule Technical Notebook.**

As a compendium to the NCP Product Schedule, the NCP Product Schedule Technical Notebook presents the product manufacturer's data summary information. The NCP Product Schedule Technical Notebook can be found at: <https://www.epa.gov/emergency-response/ncp-product-schedule-products-available-use-oil-spills>.

The NCP Product Schedule presents products (and aka's) in an alphabetical table of contents and by category type (i.e., Bioremediation Agents, Dispersants, Miscellaneous Oil Spill Control Agents, Surface Collecting Agents, or Surface Washing Agents). In addition, NCP Product Schedule users can navigate to the online Technical Notebook product bulletins by clicking on the product listing names (and aka's) under the category type. Products are numbered as they are listed. Numbering may not be consecutive if products were removed from the NCP Product Schedule. For example, Bioremediation Agents begin with B-19. Products numbered B-1 through B-18 were removed from the NCP Product Schedule.
