#SNEPitUp

Please join the Southeast New England Program (SNEP) for a webinar on the restoration of retired cranberry bogs in the southeast New England region on September 24, 2020 1:00-2:30PM EST.

## Presentation topics:

- Restoring wetlands on retiring cranberry farmland: context, overview, and opportunity (Alex Hackman)
- Case Studies: Coonamessett River and Plymouth, Massachusetts (Nick Nelson)
- Microorganisms and their role in bog restoration and nitrogen removal (Rachel Ruben)

## Speakers:

- **Alex Hackman**, Restoration Ecologist, Mass Department of Fish and Game's Division of Ecological Restoration
- **Nick Nelson**, Fluvial Geomorphologist & Regional Director, Inter-Fluve
- **Rachel Ruben**, Soil Ecologist, Mount Holyoke College
