Water Utilities Financial Impact Tool and 2020 COVID-19 Water Sector Survey Webinar

**Thursday, October 8, 2020
3:00-4:00pm ET**

EPA is hosting a webinar on September 30, 2020 on the Water Utilities Financial Impact Tool and the 2020 Water Sector Coronavirus Disease (COVID-19) Resource Needs Survey. The webinar will include a live demonstration of the tool and a discussion on the survey. The tool leads water utilities through questions that can determine how their revenues, expenses, and cashflow have been affected by the COVID-19 pandemic. The survey intends to assess the challenges and needs faced by the water sector during the COVID-19 pandemic determine if they have sufficient resources to continue their operations and provide safe drinking water and wastewater treatment during the COVID-19 national emergency.
