| Registration Information | |
|--------------------------|---|
| Program Service | Compliance and Emissions Data Reporting Interface |
| Role | Not selected |

Select a role from the drop down list and provide any required additional information, if applicable.

A summary of roles that apply to the CEDRI program service are listed below. Please note that registration for a State Reviewer and an EPA Regional Reviewer should be requested outside of the CEDRI application by contacting EPA via email: CEDRI@epa.gov. Please provide the required information provided within the role descriptions shown below.

Preparer: The Preparer is the person responsible for the preparation of reports for signature. Contractors are permitted to register as a Preparer and may assemble submission packages, such as files generated by the Emissions Reporting Tool (ERT), for the Certifier's approval and signature. A Preparer may not sign and submit a submission package. The Preparer may only access packages which they have prepared.

Certifier: The Certifier is the duly authorized representative of the source/facility or more commonly referred to as the "owner" or "operator" of the facility. The Certifier is authorized to modify the package a Preparer has assembled, and sign and submit the package to CDX. To view a package created by a Preparer, the Preparer and Certifier must share the same facility. The Certifier may perform all the tasks the Preparer may perform, but also has signing and submission authority. Contractors are prohibited from registering as a Certifier.

Delegated Certifier: The Delegated Certifier is a person granted authority by a registered Certifier to sign and submit packages on behalf of the Certifier. The Delegated Certifier is authorized to modify the package a Preparer has assembled, and sign and submit the package to CDX. The Delegated Certifier may perform all the tasks the Preparer may perform, but also has signing and submission authority. Contractors are prohibited from being appointed as a Delegated Certifier.

State Reviewer: The State Reviewer role encompasses regulatory officials who service local, state, and/or tribal areas. State Reviewers are authorized to review all submissions that are applicable to the states and/or territories for which they are registered. The State Reviewer role should be requested outside of the CEDRI application by contacting EPA via email: CEDRI@epa.gov. The email should include the following information: Applicable State(s) and/or Territories in which registration is needed, First and Last Name, phone number, organization information (name, address, and phone number), and email address.

EPA Regional Reviewer: The EPA Regional Reviewer role encompasses EPA regulatory officials who service EPA regional areas and need access to CEDRI submissions. EPA Regional Reviewers are authorized to view all submissions to CEDRI that are applicable to the Region for which they are registered. The EPA Regional Reviewer role should be requested outside of the CEDRI application by contacting EPA via email: CEDRI@epa.gov. The email should include the following information: Region Number, First and Last Name, Phone number, Organization Information (name, address, and phone number), and email address.

The Certifier role requires identify proofing and a signed Electronic Signature Agreement (ESA) prior to activating the Certifier role in EPA's Central Data Exchange (CDX). If you have not previously verified your identity through LexisNexis and signed an ESA, you will be prompted to follow additional steps that support the LexisNexis identify validation and the ESA signing process. After entering your organization information, CDX will navigate you to the 'Identity Verification' page. Upon successful identify validation, you will be prompted to sign an ESA. By signing the ESA you are accepting the electronic signature credential issued by the EPA to sign electronic documents submitted to the EPA's CDX. The ESA may be submitted electronically or manually. Please refer to section 3.7 of the [CEDRI User Guide](#) for additional information.
