

# Webinar Announcement

## SRF & WIFIA American Iron and Steel Requirement National Refresher Webinar

### Join us at this upcoming webinar:

Date: Tuesday, February 9, 2021

Time: 3:00 PM – 4:30 PM EST

Register at this link:

<https://attendee.gotowebinar.com/register/6167687798524434446>

**We invite you to join us for a webinar to discuss the EPA's SRF and WIFIA American Iron and Steel Requirement.**

This webinar will be presented by EPA's Clean Water (CW) and Drinking Water (DW) State Revolving Fund (SRF) programs and EPA's Water Infrastructure and Finance Innovation Act (WIFIA) program. The refresher webinar will discuss AIS implementation, project and product coverage, the waiver request process, and the national waivers.

### **\*Please register in advance using the link provided above\***

Technical Tips: Once you register for the webinar using the link provided, you will receive an automated email from "webcastinfo." Please retain this email, as it includes a link for joining the webinar, information on webinar audio, an email contact for questions related to the webinar, and a link for more information on using Gotowebinar. If you do not receive this confirmation email shortly after registering for the webinar, please check your spam/junk e-mail folder. We recommend joining the webinar several minutes early to allow time to download or upgrade the Gotowebinar software. Please note that audio will be available on-line only, and that there is no telephone call-in number associated with this webinar. Please ensure that you are using a computer with working speakers or headphones prior to joining the webinar.
