Subject: Request for Pulic hearing: EPA permits for Lahaina WWTF

Aloha Ms. Rumrill

On behalf of Sierra Club Maui we are requesting that EPA hold an additional pubic hearing on the very controversial permits for the Lahaina Wastewater facility. Our Mayor has recently pledged to work towards ending injection wells as the solution for wastewater disposal, we need the EPA to come and hear from even more sectors of the community, including developers and landowners who were not present at the last hearing.

Sierra Club Maui urges your agency to not reissue the Lahaina WWTF ranting of the permit unless additional conditions are placed on the permit as set forth in the letter of the DIRE Coalition to EPA.

While they have identified a range of issues and concerns to which EPA has not spoken previously or which they have newly identified, they have not provided you with anywhere near all the supporting data in their letter. They are in the process of gathering these data (and preparing their presentation) and will provide them to you at the public hearing we are requesting.

Thank You,

Lucienne de Naie
Sierra Club, Hawaii Chapter Vice Chair
