Thru: David Jewett 
Acting Division Director
GWERD/NRMRL/ORD

This memorandum authorizes the posting of EPA-HQ-ORD-2011-0895 to Regulations.gov for public access. The existing comment period for this docket ends 03/12/2012. This comment period will be extended via Federal Register Notice, however, the notice will not be published before the end of the existing comment period.

This document will be open for public comment from 03/12/2012 to 03/30/2012.

Submit your comments, identified by Docket ID No. EPA-HQ-ORD-2011-0895, by one of the following methods:

- www.regulations.gov: Follow the on-line instructions for submitting comments.

EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov>, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, avoid any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.
