9

10 WHEREAS, on July 10, 2007, the Court denied CEMEX's Motion to
11 Dismiss or Strike the First and Second Claims to the Extent Civil Penalties are
12 Sought, but granted CEMEX's Motion to Dismiss the Third Claim in its Entirety;
13

15 action to the appropriate State air pollution control agency, in accordance with
16 Section 113(b) of the Act, 42 U.S.C. § 7413(b);
17

18 WHEREAS, on August 10, 2007, CEMEX filed an answer denying any
19 liability for the violations alleged in the First and Second Claims in the Complaint;
20

21 WHEREAS, the United States and CEMEX have agreed that settlement of
22 this action is in the best interest of the parties and in the public interest, have
23 agreed on the appropriateness of various measures intended to resolve the alleged

22 have to the jurisdiction of the Court or to venue.
23

24 **II. APPLICABILITY**

25 3. The obligations of this Consent Decree apply to and are binding
26 upon the United States and upon CEMEX and any successor, assign, or other entity

23 this Consent Decree shall not be considered as a creditable contemporaneous
24 emission decrease for the purpose of obtaining a netting credit under the NNSR or
25 PSD programs.
26
27
28

1 22. Nothing in this Consent Decree precludes CEMEX from using or
2 relying on, including as creditable contemporaneous emission decreases, emission
3 reductions achieved at the Facility beyond what is required by Paragraphs 11 and
4 14.
5

6 23. Nothing in this Consent Decree is intended to preclude the emission
7 reductions generated under this Decree from being considered by EPA or a State as
8 creditable contemporaneous emission decreases for the purpose of attainment
9 demonstrations submitted pursuant to Section 110 of the Act, 42 U.S.C. § 7410, or
10 in determining impacts on National Ambient Air Quality Standards, PSD
11 increments, or air quality-related values, including visibility in a Class I area.
12
13

14 **VII. PERMITS**

15 24. Where any compliance obligation under this Section requires
16 CEMEX to obtain a federal, state, or local permit or approval, CEMEX shall
17 submit timely and complete applications and take all other actions necessary to
18 obtain all such permits or approvals. CEMEX may seek relief under the provisions
19 of Section X (Force Majeure) of this Consent Decree for any delay in the
20 performance of any such obligation resulting from a failure to obtain, or a delay in
21 obtaining, any permit or approval required to fulfill such obligation, if CEMEX has
22 submitted timely and complete applications and has taken all other actions
23 necessary to obtain all such permits or approvals.
24
25

26 25. Within ninety (90) days after the Effective Date of the Consent
27 Decree, CEMEX shall apply to include the emission limits, operational
28 requirements, and monitoring and reporting requirements of this Consent Decree

1 into federally-enforceable permit(s) or Facility-specific amendments to the SIP.
2 For purposes of this Consent Decree, the federally-enforceable permit must be
3 issued by the permitting authority under its authority to issue permits pursuant to
4 the SIP, and not solely under its authority to issue permits pursuant to its Title V
5 permit program. Following submission of any application for the issuance or
6 modification of such permit or for a Facility-specific amendment to the SIP,
7 CEMEX shall cooperate with the appropriate authorities by promptly submitting
8 all information that such authorities seek following receipt of its application.
9

10

12 federally-enforceable permit or Facility-specific amendment to the SIP (whichever
13 occurs first) pursuant to Paragraph 25 above, CEMEX shall apply for its revised
14 Title V permit for the Facility to include the emission limits, operational
15 requirements, and monitoring and reporting requirements of this Consent Decree.
16

17 27. CEMEX shall provide EPA, in accordance with Section XV
18 (Notices) of this Consent Decree, with a copy of each application (including any
19 application submitted in compliance with this Consent Decree) for the issuance or
20 modification of any federal, state, or local permit relating to air emissions from
21 Kiln Q2, Kiln Q3, including any PSD or NNSR permit or modification, at the same
22 time it is submitted to the permitting authority. If CEMEX sells or transfers part or
23 all of its ownership interest in Kiln Q2, Kiln Q3, or the Facility, CEMEX shall
24 comply with the requirements of Paragraphs 25 and 26 with regard to that Kiln or
25 the Facility prior to any such sale or transfer, unless CEMEX remains the holder of
26
27
28

1 the Title V or other federally enforceable permit for the Facility or for such Kiln
2 following any such sale or transfer.

3 **VIII. REPORTING REQUIREMENTS**

4
5 28. Within 30 days after the end of each calendar-year half (*i.e.*, by July
6 30, and January 30) after the Date of Lodging, until termination of this Decree
7 pursuant to Section XIX (Termination), CEMEX shall submit semi-annual report to
8 EPA by January 31 and July 31 of each year for the preceding six months that
9 include:

14 in installing the new NOx Control Technology at Kiln Q2 and Kiln Q3, including
15 the dates on which each milestone was achieved at each Kiln, and problems
16 encountered or anticipated together with implemented or proposed solutions;
17 provided this reporting obligation shall cease with respect to each Kiln once
18 CEMEX has reported the commencement of Continuous Operation of the NOx
19 Control Technology for such Kiln;

Emission Limits of this Consent Decree.

1 d. Demonstration of compliance with all Operating Day Mass

4 e. The status of CEMEX's application for the issuance or
5 modification of a permit or for the adoption and approval of a Facility-specific SIP
6 amendment submitted in compliance with this Consent Decree.

7
8 29. The semi-annual report shall also include a description of any non-
9 compliance with the requirements of this Consent Decree and an explanation of the
10 violation's likely cause and of the remedial steps taken, or to be taken, to prevent
11 or minimize such violation. If CEMEX violates, or has reason to believe that it
12 may violate, any requirement of this Consent Decree, CEMEX shall notify the
13 United States, of such violation and its likely duration, in writing, within ten
14 working days of the day CEMEX first becomes aware of the violation, with an
15 explanation of the violation's likely cause and of the remedial steps taken, or to be
16 taken, to prevent or minimize such violation. If the cause of a violation cannot be
17 fully explained at the time the report is due, CEMEX shall so state in the report.
18 CEMEX shall investigate the cause of the violation and shall then submit an
19 amendment to the report, including a full explanation of the cause of the violation,
20 within 30 days of the day CEMEX becomes aware of the cause of the violation.
21 Nothing in this Paragraph or the following Paragraph relieves CEMEX of its
22 obligation to provide any notice required by Section X (Force Majeure) of this
23 Consent Decree.
24

25
26
27 30. Whenever any violation of this Consent Decree, or of any applicable
28 permits, or any other event affecting CEMEX's performance under this Decree, or

1 the performance of Kiln Q2, Kiln Q3, or the Facility, may pose an immediate
2 threat to the public health or welfare or the environment, CEMEX shall notify
3 EPA, orally or by electronic or facsimile transmission as soon as possible, but no
4 later than 24 hours after CEMEX first knew of the violation or event. This
5 procedure is in addition to the requirements set forth in the preceding Paragraph.
6

7 31. All reports shall be submitted to the persons designated in Section
8 XV (Notices) of this Consent Decree.
9

10 32. Each report submitted by CEMEX under this Section shall be signed
11 by an official of the submitting party and include the following certification:

12 I certify under penalty of law that this document and all attachments
13 were prepared under my direction or supervision in accordance with a
14 system designed to assure that qualified personnel properly gather and
15 evaluate the information submitted. Based on my inquiry of the
16 person or persons who manage the system, or those persons directly
17 responsible for gathering the information, the information submitted
18 is, to the best of my knowledge and belief, true, accurate, and
19 complete. I am aware that there are significant penalties for
20 submitting false information, including the possibility of fine and
21 imprisonment for knowing violations.

22 This certification requirement does not apply to emergency or similar notifications
23 where compliance would be impractical.
24

25 33. The reporting requirements of this Consent Decree do not relieve
26 CEMEX of any reporting obligations required by the Clean Air Act or
27 implementing regulations, or by any other federal, state, or local law, regulation,
28 permit, or other requirement.

34. Any information provided pursuant to this Consent Decree may be used by the United States in any proceeding to enforce the provisions of this Decree and as otherwise permitted by law.

IX. STIPULATED PENALTIES

35. CEMEX shall be liable for stipulated penalties to the United States for violations of this Consent Decree as specified in Table 1 below, unless excused under Section X (Force Majeure). A violation includes failing to perform any obligation required by the terms of this Decree, including any work plan or schedule approved under this Decree, according to all applicable requirements of this Decree and within the specified time schedules established by or approved under this Decree.

1 the day a violation occurs, whichever is applicable, and shall continue to accrue
2 until performance is satisfactorily completed or until the violation ceases.

3 Stipulated penalties shall accrue simultaneously for separate violations of this
4 Consent Decree.
5

6 37. CEMEX shall pay any stipulated penalty within thirty (30) days of
7 receiving the United States' demand.
8

9 38. The United States may, in the unreviewable exercise of its discretion,
10 reduce or waive stipulated penalties otherwise due the United States under this
11 Consent Decree.
12

13 39. Stipulated penalties shall continue to accrue as provided in this
14 Section, during any Dispute Resolution, but need not be paid until the following:

15 a. If the dispute is resolved by agreement or by a decision of
16 United States that is not appealed to the Court, CEMEX shall pay accrued penalties
17 determined to be owing, together with interest within 30 days of the effective date
18 of the agreement or the receipt of EPA's decision or order.
19

20 b. If the dispute is appealed to the Court and the United States
21 prevails in whole or in part, CEMEX shall pay all accrued penalties determined by
22 the Court to be owing, together with interest, within 60 days of receiving the
23 Court's decision or order, except as provided in Subparagraph c., below.
24

25 c. If any Party appeals the District Court's decision, CEMEX shall
26 pay all accrued penalties determined to be owing, together with interest, within 15
27 days of receiving the final appellate court decision.
28

1 40. CEMEX shall pay stipulated penalties owing to the United States in
2 the manner set forth in, and with the confirmation notices required by, Paragraph 9,
3 except that the transmittal letter shall state that the payment is for stipulated
4 penalties and shall state for which violation(s) the penalties are being paid.
5

6 41. CEMEX shall not deduct stipulated penalties paid under this Section
7 in calculating its federal income tax.
8

9 42. If CEMEX fails to pay stipulated penalties according to the terms of
10 this Consent Decree, CEMEX shall be liable for interest on such penalties, as
11 provided for in 28 U.S.C. § 1961, accruing as of the date payment became due.
12 Nothing in this Paragraph shall be construed to limit the United States from
13 securing any remedy otherwise provided by law for CEMEX's failure to pay any
14 stipulated penalties.
15

16 43. Subject to the provisions of Section XIII (Effect of
17 Settlement/Reservation of Rights) of this Consent Decree, the stipulated penalties
18 provided for in this Consent Decree shall be in addition to any other rights,
19 remedies, or sanctions available to the United States for CEMEX's violation of this
20 Consent Decree or applicable law. Where a violation of this Consent Decree is
21 also a violation of any applicable statute or regulation, CEMEX shall be allowed a
22 credit, for any stipulated penalties paid, against any statutory penalties imposed for
23 such violation.
24
25

26 X. FORCE MAJEURE

27 44. "Force majeure," for purposes of this Consent Decree, is defined as
28 any event, including those events described in Paragraph 24, arising from causes

1 beyond the control of CEMEX, of any entity controlled by CEMEX, or of
2 CEMEX's contractors, that delays or prevents the performance of any obligation
3 under this Decree despite CEMEX's best efforts to fulfill the obligation. "Best
4 efforts" includes anticipating any potential force majeure event and addressing the
5 effects of any such event (a) as it is occurring and (b) after it has occurred, to
6 prevent or minimize any resulting delay to the greatest extent possible. "Force
7 Majeure" does not include CEMEX's financial inability to perform any obligation
8 under this Consent Decree.
9

11 45. CEMEX shall provide notice to the United States orally or by
12 electronic or facsimile transmission as soon as possible, but not later than 5 days
13 after the time CEMEX first knew of, or by the exercise of due diligence, should
14 have known of, a claimed force majeure event. CEMEX shall also provide written
15 notice to the United States, as provided in Section XV (Notices) of this Consent
16 Decree, within 10 days of the time CEMEX first knew of, or by the exercise of due
17 diligence, should have known of, the event. The notice shall state the anticipated
18 duration of any delay; its cause(s); CEMEX's past and proposed actions to prevent
19 or minimize any delay; a schedule for carrying out those actions; and CEMEX's
20 rationale for attributing any delay to a force majeure event. Failure to provide oral
21 and written notice as required by this Paragraph shall preclude CEMEX from
22 asserting any claim of force majeure.
23
24
25

26 46. If the United States agrees that a force majeure event has occurred,
27 the time for performance of the obligations under this Consent Decree that are
28 affected by the force majeure event will be extended by EPA. An extension of

1 time to perform the obligations affected by a force majeure event shall not, by
2 itself, extend the time to perform any other obligation.

3
4 47. If the United States does not agree that a force majeure event has
5 occurred, or does not agree to the extension of time sought by CEMEX, the United
6 States' will notify CEMEX in writing of its position and the United States' position
7 shall be binding, unless CEMEX invokes Dispute Resolution under Section XI
8 (Dispute Resolution) of this Consent Decree. In any such dispute, CEMEX bears
9 the burden of proving, by a preponderance of the evidence, that each claimed force
10 majeure event is a force majeure event, that CEMEX gave the notice required by
11 Paragraph 45, that the force majeure event caused any delay CEMEX claims was
12 attributable to that event, and that CEMEX exercised best efforts to prevent or
13 minimize any delay caused by the event.
14
15

16 **XI. DISPUTE RESOLUTION**

17 48. Unless otherwise expressly provided for in this Consent Decree, the
18 dispute resolution procedures of this Section shall be the exclusive mechanism to
19 resolve disputes arising under or with respect to this Decree. CEMEX's failure to
20 seek resolution of a dispute under this Section shall preclude CEMEX from raising
21 any such issue as a defense to an action by the United States to enforce any
22 obligation of CEMEX arising under this Consent Decree.
23
24

25 49. Informal Dispute Resolution. Any dispute subject to Dispute
26 Resolution under this Consent Decree shall first be the subject of informal
27 negotiations. The dispute shall be considered to have arisen when CEMEX sends
28 the United States a written Notice of Dispute. Such Notice of Dispute shall state

1 clearly the matter in dispute. The period of informal negotiations shall not exceed
2 20 days from the date the dispute arises, unless that period is modified by written
3 agreement. If the Parties cannot resolve a dispute by informal negotiations, then
4 the position advanced by the United States shall be considered binding unless,
5 within 30 days after the conclusion of the informal negotiation period, CEMEX
6 invokes formal dispute resolution procedures as set forth below.
7

8
9 50. Formal Dispute Resolution. CEMEX shall invoke formal dispute
10 resolution procedures, within the time period provided in the preceding Paragraph,
11 by serving on the United States a written Statement of Position regarding the
12 matter in dispute. The Statement of Position shall include, but may not necessarily
13 be limited to, any factual data, analysis, or opinion supporting CEMEX's position
14 and any supporting documentation relied upon by CEMEX.
15

16 51. The United States shall serve its Statement of Position within 21
17 days of receipt of CEMEX's Statement of Position. The United States' Statement
18 of Position shall include, but may not necessarily be limited to, any factual data,
19 analysis, or opinion supporting that position and any supporting documentation
20 relied upon by the United States. The United States' Statement of Position shall be
21 binding on CEMEX, unless CEMEX files a motion for judicial review of the
22 dispute in accordance with the following Paragraph.
23
24

25 52. CEMEX may seek judicial review of the dispute by filing with the
26 Court and serving on the United States, in accordance with Section XV (Notices)
27 of this Consent Decree, a motion requesting judicial resolution of the dispute. The
28 motion must be filed within 15 days of receipt of the United States' Statement of

1 Position pursuant to the preceding Paragraph. The motion shall contain a written
2 statement of CEMEX's position on the matter in dispute, including any supporting
3 factual data, analysis, opinion, or documentation, and shall set forth the relief
4 requested and any schedule within which the dispute must be resolved for orderly
5 implementation of the Consent Decree.
6

7 53. The United States shall respond to CEMEX's motion within the
8 time period allowed by the Local Rules of this Court. CEMEX may file a reply
9 memorandum, to the extent permitted by the Local Rules. Except as otherwise
10 provided in this Consent Decree, in any dispute brought under this Section,
11 CEMEX shall bear the burden of demonstrating that its position clearly
12 complies with this Decree. The United States reserves the right to argue that its
13 position is reviewable only on the administrative record and must be upheld
14 unless arbitrary and capricious or otherwise not in accordance with law and
15 CEMEX reserves the right to argue otherwise.
16
17

18 54. The invocation of dispute resolution procedures under this Section
19 shall not, by itself, extend, postpone, or affect in any way any obligation of
20 CEMEX under this Consent Decree, unless and until final resolution of the dispute
21 so provides. Stipulated penalties with respect to the disputed matter shall continue
22 to accrue from the first day of noncompliance, but payment shall be stayed pending
23 resolution of the dispute as provided in Paragraph 39. If CEMEX does not prevail
24 on the disputed issue, stipulated penalties shall be assessed and paid as provided in
25 Section IX (Stipulated Penalties).
26
27
28

1 55. If CEMEX prevails on a disputed issue, the Parties may agree on, or
2 this Court may order, an extension or modification of the schedule for completion
3 of the activities required under this Consent Decree to account for the delay that
4 occurred as a result of the dispute resolution.
5

6 **XII. INFORMATION COLLECTION AND RETENTION**
7

8 56. The United States and its representatives, including attorneys,
9 contractors, and consultants, shall have the right of entry into any facility covered
10 by this Consent Decree, at all reasonable times, upon presentation of credentials,
11 to:

12 a. monitor the progress of activities required under this Consent
13 Decree;
14

15 b. verify any data or information submitted to the United States in
16 accordance with the terms of this Consent Decree;
17

18 c. obtain samples and, upon request, splits of any samples taken
19 by CEMEX or its representatives, contractors, or consultants;

20 d. obtain documents, including photographs and similar data; and

21 e. assess CEMEX's compliance with this Consent Decree.
22

23 57. Until five years after the termination of this Consent Decree,
24 CEMEX shall retain, and shall instruct its contractors and agents to preserve, all
25 non-identical copies of all documents, records, or other information (including
26 documents, records, or other information in electronic form) in its or its
27 contractors' or agents' possession or control, or that come into its or its
28 contractors' or agents' possession or control, and that relate in any manner to

1 CEMEX's performance of its obligations under this Consent Decree. This
2 information-retention requirement shall apply regardless of any contrary corporate
3 or institutional policies or procedures. At any time during this information-
4 retention period, upon request by the United States, CEMEX shall provide copies
5 of any document, record, or other information required to be maintained under this
6 Paragraph.
7

8
9 58. At the conclusion of the information-retention period provided in the
10 preceding Paragraph, CEMEX shall notify the United States at least 60 days prior
11 to the destruction of any document, record, or other information subject to the
12 requirements of the preceding Paragraph and, upon request by the United States,
13 CEMEX shall deliver any such document, record, or other information to EPA.
14

15 CEMEX may assert that certain documents, records, or other information is
16 privileged under the attorney-client privilege or any other privilege recognized by
17 federal law. If CEMEX asserts such a privilege, it shall provide the following: (1)
18 the title of the document, record, or information; (2) the date of the document,
19 record, or information; (3) the name and title of each author of the document,
20 record, or information; (4) the name and title of each addressee and recipient; (5) a
21 description of the subject of the document, record, or information; and (6) the
22 privilege asserted by CEMEX. However, no documents, records, or other
23 information created or generated pursuant to the requirements of this Consent
24 Decree shall be withheld on grounds of privilege.
25

26
27 59. CEMEX may also assert that information required to be provided
28 under this Section is protected as Confidential Business Information ("CBI") under

1 40 C.F.R. Part 2. As to any information that CEMEX seeks to protect as CBI,
2 CEMEX shall follow the procedures set forth in 40 C.F.R. Part 2.

3
4 60. This Consent Decree in no way limits or affects any right of entry
5 and inspection, or any right to obtain information, held by the United States or the
6 States pursuant to applicable federal or state laws, regulations, or permits, nor does
7 it limit or affect any duty or obligation of CEMEX to maintain documents, records,
8 or other information imposed by applicable federal or state laws, regulations, or
9 permits.
10

11 **XIII. EFFECT OF SETTLEMENT/RESERVATION OF RIGHTS**

12 61. This Consent Decree resolves the civil claims of the United States
13 for the violations alleged in the Complaint filed in this action through the Date of
14 Lodging.
15

16 62. The United States reserves all legal and equitable remedies available
17 to enforce the provisions of this Consent Decree, except as expressly stated in
18 Paragraph 61. This Consent Decree shall not be construed to limit the rights of the
19 United States to obtain penalties or injunctive relief under the Act or implementing
20 regulations, or under other federal or state laws, regulations, or permit conditions,
21 except as expressly specified in Paragraph 61. The United States further reserves
22 all legal and equitable remedies to address any imminent and substantial
23 endangerment to the public health or welfare or the environment arising at, or
24 posed by, CEMEX's Facility, whether related to the violations addressed in this
25 Consent Decree or otherwise.
26
27

22 purposes of this Consent Decree, a change in the NOx Control Technology utilized
23 by CEMEX to comply with the emission limits in Paragraphs 11 and 14 above
