

Label Review Manual

Contents

Chapter 1: Purpose of the Manual

I.	Purpose	1-1
II.	Approach.....	1-1
III.	Availability	1-2
IV.	Maintenance/Update	1-2

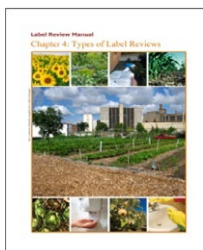

Chapter 2: What Is a Pesticide?

I.	Introduction.....	2-1
II.	Products that are not pesticides.....	2-1
III.	What makes a product a pesticide?	2-5
IV.	Pesticides exempted from registration.....	2-6
V.	Is the product a device and, therefore, not a pesticide?	2-8

Chapter 3: General Labeling Requirements

I.	Introduction.....	3-1
II.	General information.....	3-1
III.	Mandatory and advisory statements.....	3-3
IV.	Types of labels and labeling	3-6
V.	Non-FIFRA labeling.....	3-8
VI.	Label submission requirements	3-8
VII.	Label format.....	3-9
VIII.	Final printed labels and labeling.....	3-11

Chapter 4: Types of Label Reviews

I.	Introduction.....	4-1
II.	Labels that do not require review.....	4-2
III.	Labels that require review.....	4-4
IV.	When a use is deleted.....	4-10
V.	Label resubmissions.....	4-10

Chapter 5: Ingredient Statement

I.	Introduction.....	5-1
II.	What is included in an ingredient statement.....	5-1
III.	Location of ingredient statement	5-2
IV.	Names to be used in the ingredient statement.....	5-3
V.	Criteria for determination of pesticidal activity.....	5-4
VI.	Statement of concentrations.....	5-5
VII.	Substatements	5-7
VIII.	Deterioration	5-7
IX.	Specific designations for some ingredient statements	5-8
X.	Inert ingredients	5-13
XI.	Alternate formulations	5-14

Chapter 6: Use Classification

I.	Introduction.....	6-1
II.	Unclassified products.....	6-1
III.	Restricted use pesticides (RUP).....	6-2

Chapter 7: Precautionary Statements

I.	Introduction.....	7-1
II.	Background information.....	7-1
III.	Determining the precautionary labeling.....	7-2
IV.	Labeling options	7-14

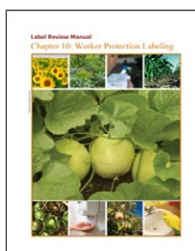

Chapter 8: Environmental Hazards

I.	Introduction.....	8-1
II.	Reviewing the statements	8-1
III.	General statements	8-3
IV.	Non-target organism statements	8-7
V.	Mosquito control label statements	8-9
VI.	Endangered species protection requirements.....	8-12
VII.	Miscellaneous statements	8-13

Chapter 9: Physical or Chemical Hazards

I.	Introduction.....	9-1
II.	Placement of the physical or chemical hazards statement	9-1
III.	Labeling for flammable products.....	9-1
IV.	Declaration of non-flammability	9-3
V.	Labeling for liquid products used near electrical equipment (Dielectric Breakdown Voltage).....	9-4
VI.	Labeling for explosive potential	9-4
VII.	Additional label statements for certain fumigants	9-5
VIII.	Warning statements about mixing certain products.....	9-5
IX.	Requirements for use of fire retardant	9-6
X.	Other physical/chemical hazard statements.....	9-6

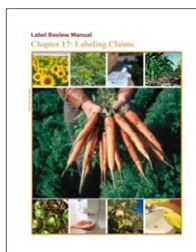

Chapter 10: Worker Protection Labeling

I.	Introduction.....	10-1
II.	Background.....	10-1
III.	Determination of products subject to the WPS.....	10-2
IV.	Signal word.....	10-4
V.	Split labeling for WPS and non-WPS products	10-4
VI.	Precautionary statements	10-5
VII.	Directions for use.....	10-15
VIII.	Determining the correct REI.....	10-19
IX.	Labeling statements for special situations	10-22
X.	Sample agricultural use requirements box.....	10-24

Chapter 11: Directions for Use

I.	Introduction.....	11-1
II.	Purpose of directions for use	11-1
III.	Enforceability of directions for use.....	11-2
IV.	Review strategy for directions for use	11-3
V.	Additional review strategies for specific products.....	11-10
VI.	Standard elements.....	11-13
VII.	Where the product is issued	11-20
VIII.	The pests being claimed.....	11-21
IX.	How the product is prepared and handled.....	11-22
X.	Application information.....	11-23
XI.	Additional application information.....	11-27
XII.	Storage and disposal instructions.....	11-28

Chapter 12: Labeling Claims

I.	Introduction.....	12-1
II.	General claims	12-1
III.	Some examples of unacceptable claims.....	12-2
IV.	Pesticides exempted from registration.....	12-4
V.	Claims made about the active ingredient.....	12-4
VI.	Product names.....	12-5
VII.	Efficacy-related claims	12-6
VIII.	Instructions to label reviewers for efficacy issues	12-7
IX.	Warranty and disclaimer statements	12-8
X.	Claims made in advertising.....	12-11

Chapter 13: Storage and Disposal

I.	Introduction.....	13-1
II.	Reviewing the statements	13-1
III.	General storage and disposal statement	13-2
IV.	Pesticide storage statements.....	13-3
V.	Pesticide disposal and container handling statements.....	13-8
VI.	Examples of storage and disposal labeling	13-26

Chapter 14: Identification Numbers

I.	Introduction.....	14-1
II.	EPA registration number	14-1
III.	Supplemental distributor numbers	14-2
IV.	EPA Establishment Number	14-3
V.	Special Local Need (SLN) registration number.....	14-4
VI.	Experimental Use Permit number.....	14-5

Chapter 15: Company Name and Address

I.	Introduction.....	15-1
II.	Company name	15-1
III.	Telephone numbers.....	15-1
IV.	Foreign registrants	15-2
V.	Name of record	15-2
VI.	Company name and address changes.....	15-2

Chapter 16: Graphics and Symbols on Labels

I.	Introduction.....	16-1
II.	Acceptable graphics and symbols.....	16-1
III.	Unacceptable graphics and symbols	16-2
IV.	Other graphics and symbols which are acceptable	16-3
V.	Logos for organic pesticides	16-4

Chapter 17: Net Contents/Net Weight Statement

I.	Introduction.....	17-1
II.	Location of net contents/net weight statement.....	17-1
III.	Types of products/measurement	17-1
IV.	Expression of the statement	17-2

Chapter 18: Unique Product Labeling

I.	Introduction	18-1
II.	Foreign language labeling.....	18-1
III.	Soluble packets	18-1
IV.	Multi-packs/co-packs.....	18-2
V.	Small containers	18-3
VI.	Bulk containers.....	18-4
VII.	Secondary containers.....	18-4
VIII.	Child-attracting packaging (“Attractive Nuisance”).....	18-5
IX.	Child-resistant packaging	18-5
X.	Pesticides used to treat seeds	18-6
XI.	North American Free Trade Agreement (NAFTA) labeling	18-10
XII.	Other types of labeling.....	18-12
