

**IF YOU'RE NOT  
LEAD-SAFE CERTIFIED,  
DISTURBING  
JUST SIX  
SQUARE FEET  
COULD COST YOU  
BIG TIME.**

Any contractor, from plumbers to electricians to painters, who disturbs lead paint while working in a pre-1978 home, school or day care center, now must be Lead-Safe Certified. If you're not, you can face tens of thousands of dollars in fines. Plus, you put the health of yourself, your workers and your customers at risk, which could result in lawsuits. One class certifies you for five years. It's that easy.

Sign up for certification today.
