# Ask the Inspector Workshop – Your Clean Water Act Concerns at Federal Facilities

**Wednesday, September 21, 2011**
**Time: 1:30 p.m. to 3:30 p.m. (EST)**

The U.S. Environmental Protection Agency is hosting a Clean Water Act – NPDES and Stormwater compliance webinar for Federal facilities. The webinar will provide a framework to deal with many of the NPDES and Stormwater compliance issues affecting the Federal sector.

- This 1-hour presentation will cover specific regulatory areas identified by compliance inspectors as problems or concerns affecting the Federal sector.

- The webinar will be delivered by an experienced compliance inspector. Case studies will be used during the webinar to help reinforce the material.

- Q & A Session:  This 30-minute session will provide time to interact with the compliance inspector and ask specific Clean Water Act questions.  Upon enrolling in the webinar, you will have the opportunity to submit your questions via e-mail.  Most of the questions will be addressed during the presentations or during the Q&A Session.

- This webinar is intended for Federal personnel and contractors who are involved in environmental compliance activities at Federal facilities,

- There is no cost to attend this training,

- To register please complete the form at the following URL, https://www2.gotomeeting.com/register/821685331 by Friday, September 16, 2011.   After registering you will receive a confirmation e-mail containing information about joining the webinar.

- During the webinar, you will be connected to audio using your computer's microphone and speakers (VoIP) or you may select Use Telephone after joining the Webinar to connect via telephone (please be aware this may be a long distance call).  Please check your computer connection in advance of the webinar by clicking the following link and running the Connection Wizard: www.gotomeeting.com/wizard

- System Requirements - PC-based attendees require: Windows® 7, Vista, XP or 2003 Server, Macintosh(R)-based attendees require: Mac OS® X 10.5 or

newer.  If your organization uses a hardware firewall, you may need to allow your firework to accept a connection from GoToWebinar in order to join the webinar.  For more information, please reference this factsheet for IT professionals: http://www.citrixonline.com/iprange.
